**Detransition** Max Robinson, 2021-09-01 Many feminists are concerned about the way transgender ideology naturalizes patriarchal views of sex stereotypes and encourages transition as a way of attempting to escape misogyny In this brave and thoughtful book Max Robinson goes beyond the before and after of the transition she underwent and takes us through the processes that led her first to transition in an attempt to get relief from her distress and then to detransition as she

discovered feminist thought and community The author makes a case for a world in which all medical interventions for the purpose of assimilation are open to criticism This book is a far reaching discussion of women s struggles to survive under patriarchy which draws upon a legacy of radical and lesbian feminist ideas to arrive at conclusions Robinson s bold discussion of both transition and detransition is meant to provoke a much needed conversation about who benefits from transgender medicine and who has to bear the hidden cost of these interventions Talking Difference Mary Crawford,1995-08-11 Talking Difference provides an excellent critical review of a good selection of the research in language and gender published over the last 20 years including a substantial amount from the area of psychology I found this an exhilarating book written with energy and wit Crawford maintains a consistently critical approach identifying contradictions and ambiguities in popular theories of gender difference and exposing conceptual and methodological weaknesses in language and gender research The volume is well structured and readable it will prove very valuable in undergraduate and beginning postgraduate courses in language and gender or in women s studies as well as offering much which should interest students of communication studies and social psychology Language in Society The alternative to the essentialist approach Crawford proposes is the social constructionist view Crawford s analysis of conversational humor is particularly eye opening Talking Difference is not only a great read but also an acute criticism of current research and a very important contribution to feminist theory Journal of Pragmatics **Feminism & Psychotherapy** I Bruna Seu,M Colleen Heenan,1998-05-21 Feminism and Psychotherapy deconstructs the theory and practice of feminist therapy in contemporary society and challenges the view that one model of therapy or one model of feminism can be elevated above all others At the Crossroads ,1992 **Lesbian Ethics** ,1993 **Discourse and Psychology: Discourse and social psychology** Jonathan Potter,2007 Lesbian Mothers Use Feminist Relationship Practices to Create New Family Roles and Supportive Social Contexts for Their Families Polly Ann Kellogg,1997 **Hastings Law Journal** ,1996 **Textbook of Homosexuality and Mental Health** Robert P.
