Changing Patterns Of Security And Stability In Asia:

Changing Patterns of Security and Stability in Asia Sudershan Chawla, D. R. SarDesai, 1980 **Changing Patterns of Warfare between India and Pakistan** Rizwana Abbasi, Muhammad Saeed Uzzaman, 2023-05-12

Changing Patterns of Warfare between India and Pakistan analyzes how advanced nuclear technologies and the advent of disruptive technologies have affected the evolving conflict between India and Pakistan. Advanced nuclear technologies such as nuclear submarines, aircraft carriers, ballistic missile defence systems, BMDs, multiple independently targetable re entry vehicles, MIRVs, anti satellite weapons, ASAT, and disruptive technologies such as hypersonic weapons, artificial intelligence, AI lethal autonomous weapons, LAWs, unmanned aerial vehicles, UAVs, drones, and space based and cyber technologies have all complicated crisis dynamics and the domain of warfare in the region. Further, the employment of India's compellence strategy is an indication of a change in its stance that demonstrates smart surgical strikes are now more likely. The phenomenon of surgical strikes raises the question of how disruptive technologies will be used to gain direct/indirect military control and hence challenge the existing status quo and deterrence stability. Against this backdrop, the authors predict how this conflict may develop in the future and evaluate the ways to stabilize deterrence and regulate the militarization of artificial intelligence and disruptive technologies between India and Pakistan. This book will be of interest to all those researching and working in the fields of security studies, strategic studies, nuclear policy, deterrence thinking, and proliferation/non-proliferation aspects of the nuclear weapons programme within South Asia and beyond. It will also be relevant for the academic community, policy makers, diplomats, members of international non-governmental organizations, INGOs, professional research institutes, and organizations working on India-Pakistan relations.

Soviet Foreign Policy and Southeast Asia (Routledge Revivals) Leszek Buszynski, 2013-09-13. This book focuses on the activity of the Soviet Union in Southeast Asia and the effects of Soviet policy on the region from 1969 to the time of first publication in 1986. In particular, Leszek Buszynski examines the rivalry between the Soviet Union and China, Soviet presence in Vietnam, and the responsive efforts of surrounding regions towards collective security. U.S. policy in the region is a key consideration, particularly in terms of American attempts to placate China and encourage Japan to assist in the defence of the region. With a concluding assessment of regional trends and possible outcomes, this is an important and valuable work for students and scholars with an interest in the history and politics of international diplomacy in Southeast Asia.
