Changing Values In Asia Their Impact On Governance And Development:

Changing Values in Asia Sŭng-ju Han, 1999-01-01 **The Routledge Handbook of Tourism in Asia** C. Michael Hall, Stephen J. Page, 2016-09-13 Asia is regarded as the fastest growing area for international and domestic tourism in the world today and over the next 20 years Given the economic social and environmental importance of tourism in the region there is a need for a comprehensive and readable overview of the critical debates and controversies in tourism in the region and the major factors that are affecting tourism development both now and in the foreseeable future This Handbook provides a contemporary survey of the region and its continued growth and development as a key destination and generator of tourism which is marked by a high proportion of intra regional travel The book is divided into five sections This first section provides an introduction to the region and context to the nationally focused chapters The next three sections are then broadly based on the three UNWTO Asian regions South East Asia South and Central Asia and East and North East Asia providing readers with a valuable snapshot of tourism at various scales and from various approaches and positions The concluding section considers future prospects for tourism in Asia The handbook is interdisciplinary in coverage and is also international in scope through its authorship and content It presents a range of perspectives and understanding of the processes and forces that are shaping tourism in this fascinating and dynamic region that is one of the focal points of global tourism This is essential reading for students researchers and academics interested in tourism in the growth region of Asia now and in the future

The Palgrave Handbook of Political Norms in Southeast Asia Gabriel Facal, Elsa Lafaye de Micheaux, Astrid Norén-Nilsson, 2024-06-07 This open access handbook aims to constitute a reference point on political norm dynamics in Southeast Asia by bringing together the array of normative repertoires that frame the possibilities for citizens to participate in set agendas for make decisions in and contest not only electoral and institutional politics but also informal and imaginary political spaces It sheds light on intersecting political and social transformations and their consequences from the vantage point of political norms While chapters lay out and analyse how political norms across Southeast Asia have been shaped in successive historical phases the core of the handbook addresses current dynamics involved in defining and transforming political norms [Insight Turkey 2015 - Spring 2015 \(Vol. 17, No. 2\)](#) , Energy security at the heart of energy policy has become central to the dynamics of international relations Political turmoil has overwhelmed many oil and gas producing countries forcing them to adapt their national energy policies according to this continuous change Specifically because of the wars and instability in the Middle East and the Ukrainian crisis global energy security is no longer guaranteed One of the foremost experts on the energy industry Daniel Yergin identifies energy security as the availability of sufficient supplies at affordable prices He also comments that every country interprets the definition of energy security with its own dynamics In practice the definition of energy security is polysemic and the topic of energy security is being explored daily under the lens of numerous new studies by scholars energy experts government officials activists and journalists **China's Influence on**

Non-Trade Concerns in International Economic Law Paolo Farah, Elena Cima, 2016-10-14 This volume examines the range of Non Trade Concerns NTCs that may conflict with international economic rules and proposes ways to protect them within international law and international economic law Globalization without local concerns can endanger relevant issues such as good governance human rights right to water right to food social economic cultural and environmental rights labor rights access to knowledge public health social welfare consumer interests and animal welfare climate change energy environmental protection and sustainable development product safety food safety and security Focusing on China the book shows the current trends of Chinese law and policy towards international standards The authors argue that China can play a leading role in this context not only has China adopted several reforms and new regulations to address NTCs but it has started to play a very relevant role in international negotiations on NTCs such as climate change energy and culture among others While China is still considered a developing country in particular from the NTCs point of view it promises to be a key actor in international law in general and more specifically in international economic law in this respect This volume assesses taking into consideration its special context China's behavior internally and externally to understand its role and influence in shaping NTCs in the context of international economic law

Security and Southeast Asia Alan Collins, 2003 From internal oppression in Burma to interstate conflict in the South China Sea the people of Southeast Asia face a range of threats This book identifies and explains the security challenges both traditional and nontraditional confronting the region Collins addresses the full spectrum of security issues discussing the impact of ethnic tensions and competing political ideologies the evolving role of ASEAN and Southeast Asia's interactions with key external actors China Japan and the United States The final section of the book explores how the region's security issues are reflected in two current cases the South China Sea dispute and the war on terrorism
