century to modern nationhood Beginning with journalistic accounts of female criminals in the aftermath of the Meiji civil war Treat moves on to explore how woman novelist Higuchi Ichiyo's stories engaged with modern liberal economics sex work and marriage credits Natsume Soseki's satire *I Am a Cat* with the triumph of print over orality in the early twentieth century and links narcissism in the visual arts with that of the Japanese *I* novel on the eve of the country's turn to militarism in the 1930s From imperialism to Americanization and the new media of television and manga from boogie woogie music to Yoshimoto Banana and Murakami Haruki Treat traces the stories Japanese audiences expected literature to tell and those they did not The book concludes with a classic of Japanese science fiction a description of present day crises writers face in a Japan hobbled by a changing economy and unprecedented natural and manmade catastrophes *The Rise and Fall of Japanese Literature* reinterprets the end of literature a phrase heard often in Japan as a clarion call to understand how literary culture worldwide now teeters on a historic precipice one at which Japan's writers may have arrived just a moment before the rest of us

Japan, a Model and a Partner, 2006-05-01 In the closing years of the 19th century the Japanese decided they should modernize economically without culturally westernizing and they succeeded Following de colonization Africans also pursued the goal of achieving economic modernization without cultural westernization To some extent however Africa became westernized culturally but failed to attain economic modernization How can we explain Africa's failure and Japan's success The book addresses these issues from a variety of perspectives also in relation to economic interactions between Africa and Japan and Africa's place in Japan's diplomacy and academic discourse

Afrasia Seifudein Adem, Ali A. Mazrui, 2013-05-02 Is there a new scramble for Africa involving China Japan and India in competition with each other and with the Western world In the second half of the twentieth century Mao's China and Jawaharlal Nehru's India were political players in Africa while Japan limited itself to trade and investment in Africa Africa and Asia have historically been

allies against Western exploitation and have also been rivals as producers of raw materials India and West Asia have led the way in the soft power of culture and religion in Africa while Japan and China have engaged in the harder disciplines of the economy and the construction of infrastructure This book explores the historical and unfolding dynamic interactions among China India Japan and Africa and their ramifications
