The Secrets of Hidden Knowledge Ayub V. O. Ofulla,2013-08-01 In The Secrets of Hidden Knowledge author Prof Ayub V O Ofulla presents the basic physics of

life as it relates to molecular physical realities of life itself or social life as it relates to the individual Grounded on physical biological and social sciences intertwined with information from ancient writings and scriptures The Secrets of Hidden Knowledge provides the foundation to help you maintain order in your life avoid or tackle situations that are chaotic and act as stumbling blocks and embrace unavoidable chaotic situations and use them for innovative survival and faster progress You can also come to understand how the basic nature of the physical universe is part and parcel of your life and realize the part of nature your life occupies and how it shapes you and your progress or failure in the world You can successfully exist and change your attitude to live a peaceful harmonious and progressive life Provocative and informative The Secrets of Hidden Knowledge shows that ever prevalent chaos brings failure Thus it is imperative to create a balance to only allow a bit of chaos to help us embrace change conduct research and innovate to help us progress and live more harmonious lives This book demonstrates how we can learn from Mother Nature whose creative genius consists in nothing but perpetual ordering of chaos The book will both inform and inspire Oliver Okoth Achila JKUAT Scholar

This Strange Illness Jared Lobdell, 2004-01-01 This brilliant work both personal and professional in character is a study of alcoholism of a movement aimed at its cure and of an individual participant in this development The author develops an interlinked theory and scientific research program that describe an illness of the mind body and spirit He does so without allowing the assumptions underlying the way we look at one area of illness say the mind to contradict the assumptions underlying the way we look at the human body or for that matter the human spirit That Lobdell carries this project to a successful conclusion makes this a compelling work for everyone in the field of alcohol studies and social pathology Lobdell who has written on a broad range of subjects here argues the originality and importance of recognition of alcoholism as a tripartite illness and of congruent treatment for the three parts He thus accepts a medical view of this vast social problem but also recognizes dimensions within it that go beyond the ordinary limits of medical practice as well as the complexity of its treatment His book is at once an intellectual history of Bill W's vision a short history of alcohol addiction and the culture of that addiction a treatise on the psychological biochemical and spiritual aspects of the illness and its treatment and a scientific research program for the future Norman K Denzin of the University of Illinois has hailed the book as a wonderful story brought to a sophisticated readership and will widely appeal to the recovering population Matthew J Raphael intimate with the subjects as well as the concerns of this book says This Strange Illness is an astounding book Jared Lobdell a brilliant polymath traverses a spectrum of disciplines from biogenetics and chaos theory to psychology sociology and theology in search of a sufficiently complex and comprehensive understanding alcoholism This is the most intellectually rigorous study I have ever seen in the field Jared C Lobdell is author or editor of a dozen books in history and criticism and a number of articles in fields ranging from alcohol studies to systems analysis He has served as a fellow at the Center for Alcoholism and Addiction Studies Brown University His current positions are at Millersville University of Pennsylvania and adjunct professor at Elizabethtown College in
