Chaos and Splendor and Other Essays Eduardo Lourenço, 2002 Seen from the dawn of the twenty first century the essays of Eduardo Lourenço b 1923 are a philosophical arch that spans the twentieth century analyzing it and revealing its imaginary borders dreams contradictions ghosts and angels The symbol the Portuguese essayist derives from the previous century that is the figure that best portrays the cultural oscillations of that century is the labyrinth The act of searching for knowledge impels a person to enter a labyrinth insofar as he tends to grasp meanings from different sources and phenomena The more he tries to find his way out of the labyrinth to transform doubts into certainty the more he finds himself immersed in contradiction in a continuous re memorization of his inner ghosts Literary works are the best guides Lourenço has found to free himself from the maze of culture although he is aware that his literary friends may also turn out to be his enemies and nightmares His philosophical background allows him to deal with literature in an emotional passionate way his literary analyses are most of the time starting points for mythological interpretations of Portugal and Europe that merge poetry sociology anthropology political science and art history *Portuguese Literary & Cultural Studies* ,2004 **American Book Publishing Record** ,2003 **The Other Nineteenth Century** ,2007 Behind the more canonized nineteenth century lies another nineteenth century particularly the one of Portugal that has not always been duly recognized in literary and cultural histories **Vitorino Nemésio and the Azores** Francisco Cota Fagundes, 2007 Equating Vitorino Nemésio to Azoreanity Universality Iridescence Confluence and Eroticism draws inspiration from the content of the essays herein included and will not surprise anyone familiar with Nemésio's non posthumous works with the possible exception of the very last of the lexemes eroticism Nemésio's oeuvre starting with the collections of short stories *Paço do Milhafre* 1924 and *Mistério do Paço do Milhafre* 1949 and extending to the poetical collections *La Voyelle Promise* 1935 and *Festa Redonda* 1950 to the novel *Mau Tempo no Canal* 1944 and the travelogue *Corsário das Ilhas* 1956 encompasses a range of subjects profoundly rooted in the Azorean archipelago At the same time and here besides *Mau Tempo no Canal* we must emphasize the poems of *Nem Toda a Noite a Vida* 1952 and *O Verbo e a Morte* 1959 the thematic and formal scope of Nemésio's oeuvre does in no way distance itself from the totality and to the extent that the word is valid centrality of Portuguese culture and as well from the western Great Tradition of which it is an inextricable part [Subject Guide to Books in Print](#) ,1991
