Chaim Weizmann Jehuda Reinharz, 1985 Here at last is a book that fills the gaps in our knowledge about one of the giants in the pantheon of Jewish leaders A biography of Weizmann is in many ways a history of the Jewish people in the modern period The first installment of a projected two volume life this book delves into the factors that shaped Weizmann's personality and world view It analyzes his relations with his family and other men and women among them the major Jewish personalities of his day In the process it deals with the tensions between Zionists and anti Zionists the impact of Zionism on the Eastern and Western Jewish communities and the role of British French and German governments during various phases of the movement to establish a Jewish homeland The book also examines Weizmann's scientific work *Chaim Weizmann : a Biography of Several Hands*, 1962 Chaim Weizmann Chaim Weizmann, 1962 Weizmann, His Life and Times Harold M. Sieff,1962 *Chaim Weizmann* Meyer W.;Carmichael Weisgal (Joel),1962 Chaim Weizmann T. G Fraser,2010-09-07 The Arab Israeli conflict has been one of the most defining features of recent world history flaring up into open war fare yet again in Gaza at the end of 2008 and provoking large scale demonstrations in the streets of cities across the world The decision in 1919 by the Paris Peace Conference to award the Mandate for Palestine to Great Britain which had announced its commitment to the creation of a national home for the Jewish people in the Balfour Declaration two years previously sowed the seeds of this seemingly intractable problem yet when the Zionist leader Chaim Weizmann 1874 1952 spoke before the Conference on 27 February 1919 he would have appeared as only one of the many representatives of minor nationalities putting their case to the peacemakers and what is more one whose people had no territory of their own How a Jewish chemistry professor from an obscure part of Eastern Europe could find himself at the heart of international diplomacy and later become the first president of the State of Israel is one of the most fascinating stories of the Paris Peace Conference and its aftermath Ninety years after the Conference what Weizmann said and did there is an essential part of our understanding of how this small but critical part of the world evolved out of the deliberations **Trial And Error The Autobiography** Chaim Weizmann,2023-07-18
