*The Politics of Christian Zionism 1891-1948* Paul C. Merkley, 2012-10-12 For this book Professor Merkley has researched presidential archives Jewish historical libraries and official Zionist records in the US and in Israel for evidence of the dealings between official Zionists and active Christian Restorationists Much of this record appears here for the first time in print and is linked to the much better known history of the relationship between the official Zionists and the politicians and leaders of the US and Britain      **Definitive Encounters** Muzaffar Iqbal, 2008      **Organizing Rescue** Selwyn Ilan Troen, Benjamin Pinkus, 1992 Eighteen interpretive essays and case studies who assess the dynamics and achievements of organized rescue in the modern period      *Past, Present, and Future Irregular Warfare Challenges* United States. Titles, English & French , 1983      **The Deviant Mystique** Robert Prus, Scott Grills, 2003-02-28 Adopting a symbolic interactionist perspective and building extensively on the ethnographic research tradition this book analyzes the mystique that often accompanies deviance by examining deviance as an ongoing feature of community life Because deviance is approached in nonprescriptive ways as a product of community interchange the emphasis here is on the ways in which deviance is defined engaged and regulated It is examined as the product of human association as something that is generated by people as they interact with one another assume viewpoints and initiatives and try to influence and resist one another within the context of community life Prus and Grills do not attempt to address various deviant behaviors instead they provide readers with a glimpse into how deviance is formulated practiced viewed and treated Who defines deviance Why What are the effects of deviance on others How do subcultures form These and other questions are answered in this unique approach to the study of deviance Providing a conceptually coherent framework for approaching the study of deviance as an ongoing feature of the human community the authors pay special attention to the many theaters of operation in which people come together and engage one another with respect to morality and deviance Recognizing that audience definitions of deviance are pivotal to community notions of reality and actual interaction consideration is given to the interrelated processes of defining deviance identifying deviants regulating deviance informally and formally and experiencing treatment and disinvolvement This thoughtful consideration serves to shed new light on the mystique that has been created around ideas about deviance      Guide to the Dag Hammarskjöld Collection on Developing Nations Central Michigan University.
