Challenge Of Aging:

Aging 2000 P. Selby, M. Schechter, 1982-07-31 For age is opportunity no less Than youth itself though in another dress And as the evening twilight fades away The sky is filled with stars invisible by day Henry Wadsworth Longfellow Morituri Salutamus We live in a society that remorselessly casts off those who are too weak mentally or physically to cling to the dizzy wheel of existence a society that worships the idols of beauty youth and wealth whilst ruthlessly rejecting those who fall outside its narrow standards of acceptability or exploitability The elderly are the latest victims of an artificial life style that tends to create artificial problems In this respect we have much to learn from those primitive communities that continue to revere their elders for the wisdom they have acquired in the school of life and which have yet to make the dubious progression to a civilization that dismisses its senior members as senile old fools or a burden on taxpayers funds It is vital to warn developing countries of the dangers of duplicating the errors of the industrial world of which they see only the superficial trappings that mask the iceberg of disillusionment beneath

Challenging Aging The Anti-senescence Effects of Hormesis, Environmental Enrichment and Information Exposure Marios Kyriazis, 2016-08-30 Age related degeneration may be reduced or even eliminated by positively challenging the human being physically or cognitively to up regulate somatic repair functions Exposure to meaningful information and a challenging environment act as hormetic stressors which in the context of an increasingly technological setting may invoke evolutionary mechanisms that lead to a persistent maintenance of homeostasis Thus there is a strong link between environmental factors and ongoing health leading to an individual's ability to continually adapt to age related challenges Challenging Ageing The Anti senescence Effects of Hormesis Environmental Enrichment and Information Exposure explains the role of hormesis in anti aging processes followed by information on vitagenes epigenetics environmental enrichment and germlines The monograph also brings newer concepts and theories to the fore such as environmental enrichment and technoculture Medical professionals and general readers alike will gain a new perspective on the processes that counter aging processes in the human being

A Journey Called Aging James C. Fisher, Henry C. Simmons, 2012-11-12 *A Journey Called Aging* presents an insightful exploration of the years between the entry into older adulthood and death This text examines the significant changes and major landmarks of older persons between 60 and 90 Grounded by a developmental framework based on empirical research this book presents a new way of looking at older adulthood describing the older adult years in intensely human terms through both anecdotes and research based findings to engage the reader as both guide and traveler Using a series of sequential stages as a framework *A Journey Called Aging* discusses the experiences of older adults addressing the challenges and opportunities presented at each stage This clear analysis can be used as a guide to help persons plan their own odyssey through the older years Topics in *A Journey Called Aging* include research and results of the study entering older adulthood the long stable stage of Extended Middle Age Early Transition Older Adult Lifestyle Later Transition the stable stage near the end of life the final
