Challenge Of Bangla Desh A Special Debat:

The Challenge of Bangla Desh Pran Chopra,1971 **Bangladesh, India & Pakistan** K. Jacques,1999-12-14 This book provides a broad analytical study of Bangladesh s relationship with India and Pakistan between 1975 and 1990 Bangladesh s role in South Asian international relations has tended to be overlooked and underestimated The book reveals the complexity of the relationship between Bangladesh India and Pakistan Military Intervention and Secession in South Asia Anne N. Dos Santos,2007-10-30 From Chechnya in Russia to Kashmir in India to the Basque region in Spain secessionist movements remain a serious threat to international security Despite the importance of this issue the causes that bring about external military intervention in a secessionist war have not until now been adequately addressed In this book Dos Santos identifies the conditions that make international military intervention in a secessionist war more or less likely South Asia being fraught with secessionist movements Bangladesh Sri Lanka Kashmir and Punjab provides an ideal laboratory for the examination of this compelling issue Dos Santos argues that a shift in the balance of power between a secessionist group and its central government will lead to a preventive war on the secessionists by the central government In turn a preventive war of this nature may lead to an alliance between the secessionist group and an external power The stronger the alliance the greater the chances of an international military intervention Understanding the conditions under which secessionist movements expand become secessionist wars and invite international military intervention on behalf of the secessionists has strong policy implications It can go a long way toward guiding policymakers who may want to mitigate or avoid these conditions in their states Dos Santos views both states and secessionist groups as primary actors and she examines both the distribution of power among states and the balance of power between central government and groups within states
