So You Want to Sing Chamber Music Susan Hochmiller, 2018-12-21 Vocal chamber music encompasses a wide range of music composed for anything from a solo to twelve voices and instruments. Performing chamber music offers the singer a unique opportunity to increase collaboration with instrumentalists and improve technique, musicianship, artistry, and communication. *So You Want to Sing Chamber Music* offers a comprehensive guide to learning rehearsing and performing in this genre. The book explores such critical skills as choosing repertoire that is appropriate for one's voice type, communicating with wind players and string players, preparing for a successful rehearsal performance, style, staging considerations, and recital programming. Also included are suggestions on using vocal chamber music as a pedagogical tool in the voice studio alongside recommendations for listening and further reading. Additional chapters by Scott McCoy and Wendy LeBorgne address universal questions of voice science, pedagogy, and vocal health. The *So You Want to Sing* series is produced in partnership with the National Association of Teachers of Singing. Like all books in the series, *So You Want to Sing Chamber Music* features online supplemental material on the NATS website. Please visit www.nats.org to access style-specific exercises, audio, and video files and additional resources.

Solo Vocal Works on Jewish Themes Kenneth Jaffe, 2011. *Solo Vocal Works on Jewish Themes: A Bibliography of Jewish Composers* is a comprehensive and annotated compendium of stage, concert, and liturgical compositions written by Jewish composers from every known time period and country. Kenneth Jaffe has amassed nearly 3,000 large-scale musical works for solo voice on Jewish themes written by Jewish composers. The works include over 400 cantatas, 150 oratorios, almost 300 operas, more than 100 sacred services, 20 symphonies, and more than 350 stage works, including Yiddish theatre, Purim, and sacred plays, multi-media pieces, and musical theatre. In addition, original song cycles and liturgical services arranged for a modest to large complement of instruments are also included. The works are organized by composer and subdivided by genre, and each entry is fully annotated, detailing the title, opus, voicing, and instrumentation, text, source, commission year, completed year, and location of the premiere, the year of publication, and the publisher, if any, the location of scores, and the duration of the work. The works are then broken down by theme, such as Biblical themes, works for children, works of the Holocaust, or Jewish suffering and persecution, interfaith works, and wedding music. They are then cross-referenced by voice type, arrangement, and by title. A list of libraries and publishing houses of Jewish music rounds out this invaluable reference.
