**Publishing Record** ,2004 **The Heart of Unconditional Love** Tulku Thondup,2015-03-31 A new four stage approach to the popular Buddhist practice known as loving kindness meditation with the aim of finding unconditional love in our own hearts in our relationships and in our perception of the world around us The unconditional love that we all long for in our own lives and in the world around us can be awakened effectively with this unique approach to the Tibetan Buddhist practice of loving kindness meditation Tulku Thondup gives detailed guidance for meditation prayers and visualization in four simple

stages that can be practiced in as little as thirty minutes a session The four stage format is a brand new approach being presented for the first time in English distilled from the author s lifelong study and practice of authentic traditional teachings What if we could experience not only our own body mind and heart as a boundless source of loving kindness but every particle of the world around us as a beautiful realm filled with the blessing energies of the Buddhas and their celestial abodes The whole environment would become a miraculous display of unconditional love wisdom and power accompanied by the sweet music of holy prayers and inspirational teachings This is not just a dream or a fantasy but an effective meditation practice that can bring relief from stress healing to mind and body healthier relationships and a positive new outlook on the world around you Loving kindness meditations are a highly effective way to generate positive causation bring true peace and love into our lives and release ourselves from habitual suffering When we train ourselves to desire the happiness and well being of others with the unconditional love of a mother who cares wholeheartedly for her little ones we find our whole world pervaded by the positive qualities of joy peace and beauty The training can be compared to sunbathing As our body absorbs the sun s heat it becomes warm and gradually emanates that warmth into our surroundings In the same way through devotion and trust in the Buddha of Loving Kindness we immerse our mind in his unconditional love which we then radiate to those around us The Heart of Unconditional Love presents this meditation in a new four stage format distilled from the author s lifelong study and practice of authentic traditional teachings The meditation can be practiced in as little as thirty minutes a session In the Outer Buddha Stage we open our heart with trust and devotion to the Buddha of Loving Kindness and enjoy his unconditional love In the Inner Buddha Stage we experience the Buddha s unconditional love within and for ourselves In the Universal Buddha Stage we learn to see hear and feel the world around us as a blessed realm of unconditional love In the Ultimate Buddha Stage we rest in the awareness of unconditional love free from conceptual thinking Designed to be accessible to newcomers as well as experienced meditators this presentation is a brand new approach to loving kindness meditation being published in English for the first time
