Race, Ethnicity, and Place in a Changing America, Third Edition John W. Frazier, Eugene L. Tettey-Fio, Norah F. Henry, 2016-12-29 Uses both historical and contemporary case studies to examine how race and ethnicity affect the places we live work and visit This book examines major Hispanic African and Asian diasporas in the continental United States and Puerto Rico from the nineteenth century to the present with particular attention on the diverse ways in which these immigrant groups have shaped and reshaped American places and landscapes Through both historical and contemporary case studies the contributors examine how race and ethnicity affect the places we live work and visit illustrating along the way the behaviors and concepts that comprise the modern ethnic and racial geography of immigrant and minority groups While primarily addressed to students and scholars in the fields of racial and ethnic geography these case studies will be accessible to anyone interested in race place connections race ethnicity boundaries the development of racialization and the complexity of human settlement patterns and landscapes that make up the United States and Puerto Rico Taken together they show how individuals and culture groups through their ideologies social organization and social institutions reflect both local and regional processes of place making and place remaking that occur within and beyond the continental United States

The New Suburbia Becky M. Nicolaidis, 2024 The New Suburbia explores how the suburbs transformed from bastions of the white middle class in the postwar years into diverse communities after 1970 In the new suburbia white advantage persisted but it existed alongside rising inequality ethnic and racial diversity and new household configurations It focuses on Los Angeles at the vanguard of these trends

Space in America, 2005-01-01 America's sense of space has always been tied to what Hayden White called the narrativization of real events If the awe inspiring manifestations of nature in America Niagara Falls Virginia's Natural Bridge the Grand Canyon etc were often used as a foil for projecting utopian visions and idealizations of the nation's exceptional place among the nations of the world the rapid technological progress and its concomitant appropriation of natural spaces served equally well as David Nye argues to promote the dominant cultural idiom of exploration and conquest From the beginning American attitudes towards space were thus utterly contradictory if not paradoxical a paradox that scholars tried to capture in such hybrid concepts as the middle landscape Leo Marx an engineered New Earth Cecelia Tichi or the technological sublime David Nye Not only was America's concept of space paradoxical it has always also been a contested terrain a site of continuous social and cultural conflict Many foundational issues in American history the dislocation of Native and African Americans the geo political implications of nation building immigration and transmigration the increasing division and clustering of contemporary American society etc involve differing ideals and notions of space Quite literally space and its various ideological appropriations formed the arena

where America's search for identity national political cultural has been staged If American democracy as Frederick Jackson Turner claimed is born of free land then its history may well be defined as the history of the fierce struggles to gain and maintain power over both the geographical social and political spaces of America and its concomitant narratives The number and range of topics interests and critical approaches of the essays gathered here open up exciting new avenues of inquiry into the tangled contentious relations of space in America Topics include Theories of Space Landscape Nature Technoscape Architecture Urban Utopia Literature Performance Film Visual Arts

California Andrew Rolle, Arthur C. Verge, 2014-06-19 The eighth edition of California A History covers the entire scope of the history of the Golden State from before first contact with Europeans through the present an accessible and compelling narrative that comprises the stories of the many diverse peoples who have called and currently do call California home Explores the latest developments relating to California's immigration energy environment and transportation concerns Features concise chapters and a narrative approach along with numerous maps photographs and new graphic features to facilitate student comprehension Offers illuminating insights into the significant events and people that shaped the lengthy and complex history of a state that has become synonymous with the American dream Includes discussion of recent and uniquely Californian social trends connecting Hollywood social media and Silicon Valley and most recently Silicon Beach

From Urban Enclave to Ethnic Suburb Wei Li, 2006-04-30 From Urban Enclave to Ethnic Suburb focuses on the migration settlement and adaptation of Chinese and other Asian immigrants and their impacts on the transformation of metropolitan areas in the United States Canada Australia and New Zealand These stories of the interactivity of Asian people and place in four nation states are framed within the larger context of spatial and social patterns migration acculturation assimilation and racialization theories and emerging landscapes in the inner cities and suburbs of metropolitan areas like Los Angeles San Francisco New York Toronto Vancouver Sydney and Auckland The book's primary arguments center on revisioning traditional assimilationist models of the Chicago School with the context of today's evolving metropolis Other key elements include immigrant and refugee policies new theories of ethnic settlement and urban and suburban immigrant landscape forms Nine chapters document the experiences of Asian immigrants and refugees rich and poor old and new Their communities vary from no identifiable residential cluster Vietnamese in Northern Virginia to multiple residential and business clusters in both inner city and suburbs Koreans in Los Angeles Chinese in Toronto to the largest suburban Chinese residential and business concentration the San Gabriel Valley of suburban Los Angeles and the high tech Mecca of the U S if not the world Silicon Valley whose growth has been inseparable from workers professionals and entrepreneurs of Asian descents who are often local residents as well Rich in detail and broad in scope From Urban Enclave to Ethnic Suburb is the first book to focus exclusively on the Asian immigrant communities in multiethnic suburbs It effectively demonstrates the complexity of contemporary Asian immigrant and refugee groups and the strength of their communities across the Pacific Rim It will be welcomed by a wide range of readers with interests in Asian American studies
