Changing Face Of Jewish Christian Wors:

The Changing Faces of Antisemitism Muriel Seltman, 2015-08-28 The Changing Faces of Antisemitism is Muriel Seltman's examination into the roots of antisemitism. Starting with the Gospels and moving forward across time, she identifies the causes of modern globalised antisemitism. It was Muriel Seltman's own experience of unwitting antisemitism that was the catalyst for her writing this book: the discovery that many well-meaning people whose religious education has been Christian and who know that Jesus was Jewish ethnically find it hard to accept that he was a devoutly religious Jew. The opening chapters deal with the Jewishness of Jesus and the Gospel treatment of the trial and crucifixion, showing that it was not the Jews who killed Jesus; it was the Roman secular authorities in collusion with the Jewish religious authorities who were responsible for the crucifixion. From then on, the Church set about distancing Jesus from his Jewishness, and this was followed by the development of Christian Muslim and secular antisemitism, including that of Martin Luther and Karl Marx, which persists today but in new forms. Muriel Seltman, a nontheist with no personal religious agenda, investigates the roots of antisemitism to find out what this tells us about the rise of antisemitism in the modern world. [The Changing Faces of](#)

[Jesus](#) Geza Vermes, 2002-02-26 Who was the real Jesus? How was this Palestinian charismatic transformed by later generations into the heavenly savior who is the focus of the Christian Church? Did Jesus's own teachings lead to his divine characterization? Or did the church-centered needs of gentile Christianity hide his true face, obscuring the religion he preached and practiced? With unique authority, sensitivity, and insight, renowned scholar Geza Vermes explores these difficult questions by examining the New Testament writings, placing them in the context of the Jewish civilization of the first century. Starting with the elevated divine figure of Christ presented in the most recent Gospel, the Gospel of John, Vermes travels back through earlier accounts of Jesus's life to reveal the true historical figure. **Conservative Judaism and the Faces of**

God's Words Benjamin Edidin Scolnic, 2005-08-29 While countless millions of people today sincerely claim that the Bible is their main source of inspiration, most of them do not really read it. Instead, they tell what this sacred text should say rather than allow its words to speak to them. The Bible becomes a monolithic idol hewn out of the stone of their particular ideologies. In a series of pointed and concise essays, Benjamin Edidin Scolnic, rabbi and scholar, interprets the Bible not as The Word but as God's Words. The open-minded reader will find contradictions at every turn and be forced to wrestle with difficult passages fraught with moral and spiritual complexity. Conservative Judaism embraces a pluralistic approach to the Bible that assumes that complexity. The intellectual foundation of Conservative Judaism is the understanding that growth through interpretation has been its hallmark from the time of its origins. Scolnic discusses how pluralistic religious interpretation of the Bible should affect Judaism's perspective on current issues such as spirituality and feminism. Rather than avoid the hard parts, he advocates educational and homiletical approaches that confront the most difficult Biblical texts, enabling a new generation to rediscover the flexibility and power of sacred words.
