Changing Gears The Strategic Implementation Of Technology:

Changing Gears J. Carlopio, 2003-02-20 Many change management programmes designed to implement new technology are unsuccessful The author draws upon a number of perspectives in change management and organisational strategy to show that failure is often not to do with technical factors but because of resistance of the workforce He presents a new approach to implementing technology based upon the persuasion and commitment of the main stakeholders Carlopio argues that senior managers should take organisational sensitivities and characteristics into account and build a communication and training and development strategy that will support the implementation of change In this way members of an organisation will be encouraged to embrace the new technology and it will become a part of their corporate mindset *Operations Strategy* Nigel Slack, Michael Lewis, 2019 Operations strategy is a major source of competitive advantage in for profit businesses and the route to achieving social welfare in not for profit enterprises No matter what sector it can have a huge impact not just in the short term but also on an enduring basis **Strategy by Design** J.
