Christian Theology in Practice Bonnie J. Miller-McLemore,2012-02-02 For the past fifty years scholars in both pastoral and practical theology have attempted to recapture human religious experience and practice as essential sites for theological engagement redefining in the process what theology is how it is done and who does it In this book Bonnie J Miller McLemore shows how this trend in scholarship has led to an expanded subject matter alternative ways of knowing and richer terms for analysis in doing Christian theology Tracing more than two decades of her own search for a more inclusive discipline one that truly grapples with theology in the midst of life Christian Theology in Practice shows not only where Miller McLemore herself has traveled in the field but also how pastoral and practical theology has developed during this time Looking forward Miller McLemore calls on the academy and Christian congregations to disrupt conventional theological boundaries and to acknowledge the multiplicity of shapes and places in which the wisdom of God appears

Christian Mysticism's Queer Flame Michael Bernard Kelly,2018-09-03 Is the Christian mystical tradition a relic of another time shaped by celibates for celibates unable to engage meaningfully with people of our time who embrace their corporeality and sexuality as crucial aspects of their journey towards union with God This book reflects in serious theological depth and detail on the spiritual and sexual journeys of gay men of mature and committed Christian faith employing the Christian mystical tradition as the lens and the interlocutor in this process This study examines the major themes and stages of the mystical tradition as outlined by Evelyn Underhill but also including more recent work by Ruth Burrows Thomas Merton and Constance Fitzgerald Using methods of qualitative research it then considers the texts of in depth interviews conducted with men most of whom are theologians or spiritual leaders with a deep Catholic faith and all of whom are openly self affirmingly gay Finally it employs Ricoeur's hermeneutical theory to engage in a creative theological conversation between the traditional mystical stages and themes and these men's lives as described in their interviews This is a unique study that brings together ancient spirituality with contemporary lived religion As such it will be of interest to scholars of religious studies theology Christian mysticism and spirituality and queer studies It will be of particular interest to those teach spiritual direction and to all who seek new ways to engage with the spiritual lives of LGBTIQ people

Miller-McLemore,Brita L. Gill-Austern,1999 In the last decade the focus of pastoral theology has shifted dramatically from
care defined as counseling to care understood within a wider social political and religious context Feminist and womanist
theory as well as feminist and womanist faith convictions have played a key role in this development According to the authors
feminists and womanists in pastoral theology have begun to reconstruct the definitions parameters and commitments of
pastoral care and counseling These changes have critical implications for care within congregations and for the
understanding of theology in seminaries and divinity schools Yet these developments in the theory and practice of pastoral
theology and their broader ramifications have not been carefully analyzed or even acknowledged by pastoral theologian
minister and religion scholar alike This is due to a failure to articulate clear understandings of the field the gap between
congregational ministry and higher education in religion and conflicts in theological education in general over the place of
practice and theory experience spirituality and practical theology To redress these problems this collection of essays has a
threefold aim First the book identifies the many changes occurring in definitions of pastoral theology care and counseling
Second the volume defines and develops new methods and approaches Third the authors attend to the implications of these
changes for congregational care and theological education Roughly speaking the order of the chapters in this volume follows
this threefold agenda moving from an exploration of the changes in pastoral theology to its reconstruction to some of the
implications of recent innovations **Searching for the Christian End-person** Joseph F. Downey,1999 *Spiritual*
