

THE CHALET GIRLS GROW UP

Merryn Williams

Chalet Girls Grow Up

Arthur James Wells

Chalet Girls Grow Up:

The Chalet Girls Grow Up Merryn Williams, 1998 A book that updates the stories of The Chalet School Girls into a world of sex drugs and illegitimate babies bringing characters into the present day with references to Vietnam Soweto Greenham Common and the Falklands War In the original Chalet School series there were 62 books set in the archetypal girls boarding school and all the heroines grew up to marry Princes Dukes or Doctors They are still selling over 100 000 copies a year **Ski**, 1997-10 [The English Girls' School Story](#) Judith Humphrey, 2009 The English girls boarding school novel was staple reading for girls not just in England through the first half of the twentieth century Generally dismissed as sentimental hack writing these stories were immensely popular Humphries who had loved the books as a child discovered in adulthood that she was still enamored of them Her search for why the books still hold up turned into a dissertation She concentrates on the genre as a whole finding several important similarities The most important ones involve the independence and strength of young women living in an all female environment The chapters elucidate the positive messages that the books contain a respect for intelligence and learning women as self directed women active in sports women in authority and importantly the bonds of female friendship Humphries makes it clear that although some attitudes have changed too many girls still see themselves as incomplete without a boyfriend and always secondary to him [GOOGLE BOOKS](#) *You Girls Stay Here* Elizabeth Poynter, 2018-12-14 This book will be of interest to students of both children's literature and gender studies It re-examines a period long considered to be of poor quality as regards children's books It explores a range of themes such as female agency power and courage and additionally gives a linguistic analysis of selected texts The book adopts a socio-cultural approach placing the authors in their historical context By focusing on a small number of authors in depth it discovers subtleties perhaps ignored by a broad brush approach While reflecting their era in some respects these writers also demonstrated individuality in their representation of gender offering a wider range of models to their readers than previous critics have acknowledged *Ski*, 1986-03 **British and American School Stories, 1910-1960** Nancy G. Rosoff, Stephanie Spencer, 2019-02-25 This book examines school and college fiction for girls in Britain and the United States written in the first half of the twentieth century to explore the formation and ideologies of feminine identity Nancy G Rosoff and Stephanie Spencer develop a transnational framework that recognises how both constructed and essential femininities transcend national boundaries The book discusses the significance and performance of female friendship across time and place which is central to the development of the genre and how it functioned as an important means of informal education Stories by Jessie Graham Flower Pauline Lester Alice Ross Colver Elinor Brent Dyer and Dorita Fairlie Bruce are set within their historical context and then used to explore aspects of sociability authority responsibility domesticity and possibility The distinctiveness of this book stems from the historical analysis of these sources which have so far primarily been treated by literary scholars within their national context Winner of the History of Education Society Anne Bloomfield Prize for the best
