Challenge And Conflict Essays In Irish Presbyterian History And Doctrine:

Challenge and Conflict, 1981 Anti-Catholicism in Northern Ireland, 1600-1998 J. Brewer, G. Higgins, 1998-09-07 Anti Catholicism forms part of the dynamics to Northern Ireland's conflict and is critical to the self-defining identity of certain Protestants. However, anti-Catholicism is as much a sociology process as a theological dispute. It was given a Scriptural underpinning in the history of Protestant-Catholic relations in Ireland and wider British-Irish relations in order to reinforce social divisions between the religious communities and to offer a deterministic belief system to justify them. The book examines the socio-economic and political processes that have led to theology being used in social closure and stratification between the seventeenth century and the present day.

Irish Immigrants in the Land of Canaan Kerby A. Miller, Arnold Schrier, Bruce D. Boling, David N. Doyle, 2003-03-27 *Irish Immigrants in the Land of Canaan* is a monumental and pathbreaking study of early Irish Protestant and Catholic migration to America. Through exhaustive research and sensitive analyses of the letters, memoirs, and other writings, the authors describe the variety and vitality of early Irish immigrant experiences ranging from those of frontier farmers and seaport workers to revolutionaries and loyalists. Largely through the migrants' own words, it brings to life the networks, work, and experiences of these immigrants who shaped the formative stages of American society and its Irish communities. The authors explore why Irishmen and women left home and how they adapted to colonial and revolutionary America in the process, creating modern Irish and Irish-American identities on the two sides of the Atlantic Ocean. *Irish Immigrants in the Land of Canaan* was the winner of the James S. Donnelly Sr. Prize for Books on History and Social Sciences, American Council on Irish Studies.

The Language of Liberty 1660-1832 J. C. D. Clark, 1994 This book creates a new framework for the political and intellectual relations between the British Isles and America in a momentous period which witnessed the formation of modern states on both sides of the Atlantic and the extinction of an Anglican aristocratic and monarchical order. Jonathan Clark integrates evidence from law and religion to reveal how the dynamics of early modern societies were essentially denominational. In a study of British and American discourse, he shows how rival conceptions of liberty were expressed in the conflicts created by Protestant dissent's hostility to an Anglican hegemony. The book argues that this model provides a key to collective acts of resistance to the established order throughout the period. The book's final section focuses on the defining episode for British and American history and shows the way in which the American Revolution can be understood as a war of religion.

Evangelicalism and National Identity in Ulster, 1921-1998 Patrick Mitchel, 2003-10-30 Evangelical Protestantism in Ulster is the most influential and historically significant sector of Christianity in Northern Ireland. This innovative and controversial book explores different Evangelical responses to the declining fate of Ulster Unionism during the period from Partition in 1921 to the 1998 Good Friday Agreement. Focusing on how religious belief has interacted with national identity in a context of political conflict, it eschews a reductionist or purely historical approach to interpreting religion. Rather, using a combination of historical and

theological material Patrick Mitchel offers a critical assessment of how Evangelical identities in Ulster have embodied the religious beliefs and values to which they subscribe Evangelical Protestantism is often associated only with the Orange Order and with the controversial figure of Ian Paisley This book s fresh analysis of a spectrum of Evangelical opinion including the frequently overlooked moderate Evangelicals provides a more rounded picture that shows why and how Evangelical Christians in Ulster are deeply divided over politics national identity and the current Peace Process Patrick Mitchel concludes with a critical assessment of the political and theological challenges facing different Evangelical identities in the context of identity conflict in Northern Ireland This is an invaluable guide to understanding both the past and contemporary mindset of Ulster Protestantism
