Feinberg, 2018-04-30 What we believe about the Bible is foundational to every part of life Scripture is the very Word of God the final authority for all of theology the governing source of all other doctrines In the latest volume of the Foundations of Evangelical Theology series theology professor John S Feinberg has written a landmark work on the doctrine of Scripture offering a robust serious treatment of topics such as revelation the canon inerrancy infallibility sufficiency preservation and more all with the goal of helping readers cherish obey and be transformed by what God has spoken in his Word The Erosion of Inerrancy in Evangelicalism Gregory K. Beale, 2008-11-04 Examines recent postmodern efforts to redefine the traditional evangelical view of scriptural authority and counters with sound logic that supports inerrancy Due to recent popular challenges to evangelical doctrine biblical inerrancy is a topic receiving an increasing amount of attention among theologians and other scholars Here G K Beale attempts vigorously and even handedly to examine the writings of one leading postmodernist Peter Enns whose writings challenge biblical authority In support of inerrancy Beale presents his own

set of challenges to the postmodern suppositions of Enns and others How can the Bible be historically inaccurate while still serving as the authoritative word on morality and salvation Beale concludes that it cannot and his work will aid all who support biblical inerrancy in defending their position against postmodern attacks This is an issue that affects the entire body of Christ

**Inerrancy and Worldview** Vern S. Poythress, 2012-05-31 Though the Bible presents a personal and relational God popular modern worldviews portray an impersonal divine force in a purely material world Readers influenced by this competing worldview hold assumptions about fundamental issues like the nature of humanity evil and the purpose of life that present profound obstacles to understanding the Bible In *Inerrancy and Worldview* Dr Vern Poythress offers the first worldview based defense of scriptural inerrancy showing how worldview differences create or aggravate most perceived difficulties with the Bible His positive case for biblical inerrancy implicitly critiques the worldview of theologians like Enns Sparks Allert and McGowan Poythress who has researched and published in a variety of fields including science linguistics and sociology deals skillfully with the challenges presented in each of these disciplines By directly addressing key examples in each field Poythress shows that many difficulties can be resolved simply by exposing the influence of modern materialism Inerrancy and Worldview's positive response to current attempts to abandon or redefine inerrancy will enable Christians to respond well to modern challenges by employing a worldview that allows the Bible to speak on its own terms
