Who Are We? William Sowder, Dr. Juanita Christopher, 2017-12-27 In this book among other sources we have compiled key thoughts and material that were dictated to Alice Bailey starting in the 1920s and continuing through the 1960s from the Tibetan master Djwhal Khul As you see in the references she wrote eighteen books which were published by Lucis Publishing Company New York Djwhal Khul shared this material from another dimension giving us a new perspective We highly recommend these books because Djwhal Khul is in a higher vibrational dimension working and aiding us in an enlightened evolution What we have added to this book is some of our thoughts about the energies to which Khul refers We know very little about these energies and this material presents a challenge to us in our evolutionary sojourn Each of us must pursue our understanding and knowledge about these energies This is our goal and our reason for writing this book Good travels to you
