**Merce Cunningham** Merce Cunningham,2019-06-18 On the occasion of Merce Cunningham's centennial comes this handsome new edition of his classic and long out of print artist's book *Changes Notes on Choreography* first published in 1968 by Dick Higgins Something Else Press The book presents a revealing exposition of Cunningham's compositional process by way of his working notebooks containing in progress notations of individual dances with extensive speculations about the choreographic and artistic problems he was facing Illustrated with over 170 photographs and printed in color and black and white the book was described by its original publisher as the most comprehensive book on choreography to emerge from the new dance which will come to stand with Eisenstein's and Stanislavsky's classics on the artistic process By the time these notebooks were published Cunningham had already led the Merce Cunningham Dance Company for 15 years and had collaborated with Cage and others on milestones such as *Variations V* 1966 and *RainForest* 1968 the latter with Andy Warhol David Tudor and Jasper Johns Along with his essay collection *Dancing in Space and Time* 1978 *Changes* is one of the most significant publications on Cunningham's enduring contributions to dance which developed through collaboration with John Cage to incorporate formal innovation with regard to chance silence and stillness *Changes* Merce Cunningham,

*Changes: Notes on Choreography* by Merce Cunningham Merce Cunningham,1969 *Merce Cunningham* Frances Starr,1968 *Changes: Notes on Choreography* Merce Cunningham,1986 *Modern Dance, Negro Dance* Susan Manning,2004 Two traditionally divided strains of American dance Modern Dance and Negro Dance are linked through photographs reviews film and oral history resulting in a unique view of the history of American dance **The ^AOxford Handbook of Dance and Reenactment** Mark Franko,2017-11-15 The Oxford Handbook of Dance and Reenactment investigates new forms of choreographic dramaturgy and interpretation inherent Joining junior and senior scholars as well as practitioners in the field the handbook shows how the recovery of past dances has come to constitute a new branch of contemporary choreographic activity **Merce Cunningham** David Vaughan,2013-10-11 Merce Cunningham reached the age of 75 in 1994 an age at which many creative artists are content to rest on their laurels or at least to leave behind whatever controversies they may have caused during their careers No so Cunningham In the first place his 70s have been a time of intense creativity in which he has choreographed as many as four new works a year Cunningham is a strongly committed as ever to the discovery of new ways of moving and of making movement refusing to be hampered by the physical limitations that have come with age Since 1991 every new work has been made at least in part with the use of the computer program Life Forms which enables him to devise choreographic phrases that he himself would be unable to perform and which challenge and develop the virtuosity of the young dancers in his company The essays collected in this special issue of *Choreography and Dance* were written over the last few years and discuss various aspects of the work of Cunningham as seen both from the outside and the inside **Moving Words** Gay Morris,2005-06-28 *Moving Words* provides a direct line

into the most pressing issues in contemporary dance scholarship as well as insights into ways in which dance contributes to and creates culture. Instead of representing a single viewpoint, the essays in this volume reflect a range of perspectives and represent the debates swirling within dance. The contributors confront basic questions of definition and interpretation within dance studies while at the same time examining broader issues such as the body, gender, class, race, nationalism, and cross-cultural exchange. Specific essays address such topics as the black male body in dance, gender and subversions in the dances of Mark Morris, race and nationalism in Martha Graham's *American Document*, and the history of oriental dance. **The sacred and musical phenomenon of trance** **Art as an Agent for Social Change** Hala Mreiwed, Mindy R. Carter, Claudia Mitchell, 2020-10-12

The chapters in *Art as an Agent for Social Change* presented as snapshots focus on exploring the power of drama, dance, visual arts, media, music, poetry, and film as educative, artistic, imaginative, embodied, and relational art forms that are agents of personal and societal change. A range of methods and ontological views are used by the authors in this unique contribution to scholarship, illustrating the comprehensive methodologies and theories that ground arts-based research in Canada, the US, Norway, India, Hong Kong, and South Africa. Weaving together a series of chapters, snapshots under the themes of community building, collaboration, and teaching and pedagogy, this book offers examples of how *Art as an Agent for Social Change* is of particular relevance for many different and often overlapping groups, including community artists, K-12 university instructors, teachers, students, and arts-based educational researchers interested in using the arts to explore social justice in educative ways. This book provokes us to think critically and creatively about what really matters.
