Collected Poems Revised Edition:

C. P. Cavafy C. P. Cavafy, 2024-11-05 The acclaimed translation of the most important modern Greek poet C P Cavafy 1863 1933 is the most important figure in twentieth century Greek poetry and his poems are considered among the most powerful in modern European literature Edmund Keeley and Philip Sherrard s celebrated English translation of Cavafy s collected poems captures the poet s mixture of formal and idiomatic language the immediacy of his frank treatment of homoeroticism his brilliant re creation of history and his astute political ironies This English only volume is a classic of modern poetry

George Seferis George Seferis, 2016-06-10 In this new edition of George Seferis s poems the acclaimed translations by Edmund Keeley and Philip Sherrard are revised and presented in a compact English only volume The revision covers all the poems published in Princeton s earlier bilingual edition George Seferis Collected Poems expanded edition 1981 Winner of the Nobel Prize for Literature in 1963 George Seferis 1900 1971 has long been recognized as a major international figure and Keeley and Sherrard are his ideal translators They create in the words of Archibald MacLeish a translation worthy of Seferis which is to praise it as highly as it could be praised Although Seferis was preoccupied with his tradition as few other poets of the same generation were with theirs and although he was actively engaged in the immediate political aspirations of his nation his value for readers lies in what he made of this preoccupation and this engagement in fashioning a broad poetic vision He is also known for his stylistic purity which allows no embellishment beyond that necessary for precise yet rich poetic statement

Collected Poems Constantine Cavafy, 1975 C P Cavafy 1863 1933 lived in relative obscurity in Alexandria and a collected edition of his poems was not published until after his death Now however he is regarded as the most important figure in twentieth century Greek poetry and his poems are considered among the most powerful in modern European literature Here is an extensively revised edition of the acclaimed translations of Edmund Keeley and Philip Sherrard which capture Cavafy s mixture of formal and idiomatic use of language and preserve the immediacy of his frank treatment of homosexual themes his brilliant re creation of history and his astute political ironies The resetting of the entire edition has permitted the translators to review each poem and to make alterations where appropriate George Savidis has revised the notes according to his latest edition of the Greek text About the first edition The best English version we are likely to see for some time James Merrill The New York Review of Books Keeley and Sherrard have managed the miracle of capturing this elusive inimitable unforgettable voice It is the most haunting voice I know in modern poetry Walter Kaiser The New Republic

The Collected Lyric Poems of Luís de Camões Luís de Camões,2016-07-08 Lu s de Cam es is world famous as the author of the great Renaissance epic The Lus ads but his large and equally great body of lyric poetry is still almost completely unknown outside his native Portugal In The Collected Lyric Poems of Lu s de Cam es the award winning translator of The Lus ads gives English readers the first comprehensive collection of Cam es s sonnets songs elegies hymns odes eclogues and other poems more than 280 lyrics altogether all rendered in engaging verse Cam es 1524 1580 was the first great European artist to cross into the Southern Hemisphere and his poetry bears the marks of nearly two decades spent in north and east Africa the Persian Gulf India and Macau From an elegy set in Morocco to a hymn written at Cape Guardafui on the northern tip of Somalia to the first modern European love poems for a non European woman these lyrics reflect Cam es s encounters with radically unfamiliar peoples and places Translator Landeg White has arranged the poems to follow the order of Cam es s travels making the book read like a journey The work of one of the first European cosmopolitans these poems demonstrate that Cam es would deserve his place among the great poets even if he had never written his epic
