Collected Shorter Prose:

Texts for Nothing and Other Shorter Prose, 1950-1976 Samuel Beckett, 2012-10-04 This is the last of three volumes of collected shorter prose to be published in the Faber edition of the works of Samuel Beckett which already includes a volume of early stories *The Expelled* *The Calmative* *The End* *First Love* and of late stories *Company* *Ill Seen Ill Said* *Worstward* *Ho* *Stirrings* *Still* The present volume contains all of the short fictions some of them no longer than a page written and published by Beckett between 1950 and the early 1970s Most were written in French and they mostly belong within three loose sequences *Texts for Nothing* *Fizzles* and *Residua* The edition also includes two remarkable independent narratives *From an Abandoned Work* and *As The Story Was Told* All of these texts whose unsleeping subject is themselves demonstrate that the short story is one of the recurrent modes of Beckett's imagination and occasions some of his greatest works he would like it to be my fault that words fail him of course words fail him He tells his story every five minutes saying it is not his there's cleverness for you He would like it to be my fault that he has no story of course he has no story that's no reason for trying to foist one on me

Collected Shorter Prose 1945-1980 Samuel Beckett, 1984 *No's Knife* Samuel Beckett, 1967

Samuel Beckett Pascale Casanova, 2020-01-28 In this fascinating new exploration of Samuel Beckett's work Pascale Casanova argues that Beckett's reputation rests on a pervasive misreading of his oeuvre which neglects entirely the literary revolution he instigated Reintroducing the historical into the heart of this body of work Casanova provides an arresting portrait of Beckett as radically subversive doing for writing what Kandinsky did for art and in the process presents the key to some of the most profound enigmas of Beckett's writing

Engagement and Indifference Henry Sussman, Christopher Devenney, 2001-01-01 Explores the hidden political and ethical dimensions of the work of Samuel Beckett an author who might otherwise be considered indifferent to such considerations

Collected Short Prose Samuel Beckett, 1991-01-01

Alternative Temporalities Teresa Valentini, Angela Weiser, John Zilcosky, 2024-11-30 Alternative temporalities have often emerged as a reaction to the normativizing force of time demonstrating that time can be used as an instrument of power and oppression but also as a means to resist this very oppression *Alternative Temporalities* draws on analyses of modern literature to examine this often neglected role of time By exploring forms of temporal resistance in artistic representation such as short stories and novels that challenge the imposition of colonial gender or capitalist temporal orders the book reveals how storytelling can be an essential tool in questioning and pushing back against coercive temporal structures The book analyses literary representations of time that challenge dominant temporalities and intersect different disciplines such as gender and sexuality studies trauma and Indigenous studies race and identity and religion It features narrative analyses proposing alternative embodied experiences of time focusing on topics including the temporality of the AIDS affected body the experience of time in prison and slowness in opposition to modern acceleration Ultimately *Alternative Temporalities* aims to create new theories as well as practices that may foster more diverse and inclusive ways of perceiving and embodying time

Essays Critical and Clinical Gilles Deleuze, 1998 The final work of the late philosopher Gilles Deleuze 1925 1995 includes essays on such diverse literary figures as Herman Melville Walt Whitman D H Lawrence Lewis Carroll and others along with philosophers Plato Spinoza Kant and others Taken together these 18 essays all newly revised or published here for the first time present a profoundly new approach to literature 216 pp Copyright Libri GmbH All rights reserved **Damned to Fame** James Knowlson, 2004 Damned to Fame is the brilliant and insightful portrait of Nobel Prize winning author Samuel Beckett mysterious and reclusive master of twentieth century literature Professor James Knowlson Beckett's chosen biographer and a leading authority on Beckett vividly re-creates Beckett's life from his birth in a rural suburb of Dublin in 1906 to his death in Paris in 1989 revealing the real man behind the literary giant Scrupulously researched and filled with previously unknown information garnered from interviews with the author and his friends family and contemporaries Knowlson's unparalleled work is the definitive Beckett biography of our time **No Knife** Samuel Beckett, 1967 *The Collected Short Prose of James Agee* James Agee, 1972 **Collected Short Prose** John O'Loughlin, 2022-02-20 Having already published short stories or as author John O'Loughlin with his philosophical bias prefer to call them short prose in two volumes of Collected Short Prose viz Two Sides of the Same Coin Tales Side Up the former of which included as per custom back then an aphoristic appendix he has latterly decided to republish them in one volume minus the aphorisms for convenience's sake in the interests one might say of structural and thematic continuity together with a certain prosy purism that sets definite bounds to the scope and style of the contents dovetailed as they are into a somewhat voluminous but nonetheless highly accessible project whose material spans the period 1976 84 during which virtually all of this author's fictional writings including several novels or works of long prose were written A Centretruths editorial *A Collection of Short Stories* Lemuel Arthur Pittenger, 1924 *Two Sides of the Same Coin* John O'Loughlin, 2015-10-14 This compilation of short prose represents volume one of a projected two volume compilation which goes half way towards a collected short prose in that its contents derive from four different volumes dating from 1976 1981 and kind of fit together both stylistically and thematically coming to an aphoristic head which summarizes many of the subjects tackled and in large part explains the author's choice of overall title insofar as these aphorisms can be regarded as constituting the heads side of a coin whose tails as fiction to truth can only be short prose Although the first two pieces in this collection aren't strictly prose fiction being if anything closer to short plays we have included them with the prose proper if only because we see no future for them in theatre and don't really feel that they ought to stand alone or for that matter be excluded from other early material with which they were originally written back in 1976 when John O'Loughlin tentatively set out on a fictional journey destined to lead to and indeed culminate in philosophical truth a tiny taste of which is provided by the aphoristic appendix although the volume as a whole stops well short of the sort of ideological earnestness that was to characterize his fiction from 1982 onwards and remains despite the vigorous polemic a tribute to ideological innocence **Paperbound Books in Print**, 1992

Critical Survey of Short Fiction: Lee K. Abbott - Morley Callaghan Charles Edward May, Frank Northen Magill, 2001
