Collective Search For Identity:

Collective Search for Identity Orrin Edgar Klapp, 1969 From the Preface This book is about identity seeking movements of modern society It deals with such things as fashions fads poses ritual cultic movements recreation heroes and celebrities and crusades from the point of view of what they tell about the identity search of a mass society My view briefly is that a collective identity search is symptomatic of the fact that some modern social systems deprive people of psychological payoffs the lack of which expressed by terms such as alienation meaninglessness identity problem motivates a mass groping for activities and symbols with which to restore or find new identity People grope because they do not really know what is wrong especially when there is physical prosperity yet a sense of being cheated When mass movements become concerned with identity they develop certain characteristics such as ego screaming concern with costume and self ornamentation style rebellion concern with emotional gestures rather than practical effects adulation of heroes cultism and the like with which I shall deal Such signs show that ordinary economic and political solutions are not what is wanted People feel the futility and irrelevance of such measures yet do not know quite what else to do *Searching for a Self: Identity in Popular Culture, Media and Society* Arthur Asa Berger, 2022-03-22 How do people turn out the way they do How do they arrive at themselves and attain an identity How are our identities affected by our birth order our hair color how tall or short we are our intelligence our occupation our race our religion our nationality the socio economic level of our parents or our being raised in a single parent family where we are born and where we grow up the language we learn the way we use language our fashion tastes our gender our education our psychological makeup chance experiences we have the people we marry if we marry and countless other factors There are numerous matters to consider when dealing with identity which as Nigel Denis the author of *Cards of Identity* reminds us is the answer to everything Searching for a Self takes a deep dive into the question of identity formation from various perspectives it is written in a reader friendly accessible style and makes use of insightful quotations from seminal thinkers who have dealt with the topic Split into two parts the first Theories of Identity offers evaluations of identity from semioticians psychologists sociologists and Marxists while the second Applications offers case studies on topics such as Russian identity Donald Trump's identity fashion and identity LGBTQIA identity Orthodox Jewish identity elite university education and identity tattoos and identity travel and identity and politics and identity Covering a wide array of subject areas this book will be a valuable resource for undergraduate students taking courses in identity sociology psychology cultural studies and other related fields *New Social Movements* Enrique Larana, 2009 Redefining the field of social movements Disability and Social Movements Rachel Carling-Jenkins, 2016-05-23 This book provides the reader with a ground breaking understanding of disability and social movements By describing how disability is philosophically historically and theoretically positioned Carling Jenkins is able to then examine disability relationally through an evaluation of the contributions of groups engaged in similar human rights struggles The book locates disability rights as a new social

movement and provides an explanation for why disability has been divided rather than united in Australia Finally it investigates whether the recent campaign to implement a national disability insurance scheme represents a re emergence of the movement It will be of interest to all scholars and students of both disability studies and social movements **Self, Identity, and Social Movements** Sheldon Stryker, Timothy Joseph Owens, Robert W. White, 2000 **Identity Crises** Robert G. Dunn, 1998 Significant to Dunn's critique of poststructuralist and postmodern theories is his application of George Herbert Mead as a means of theorizing identity and difference The focus on postmodernity rather than postmodernism grounds his analysis of identity and difference both materially and socially Status and Identity in a Pluralistic Society Parameswara Krishnan, 1995 Festschrift in honor of Gordon K Hirabayashi sociologist comprises brief biography and research papers Building an American Identity Robert Louis Levin, 1975 **Role-identity Commitment and Regular Blood Donation** Peter L. Callero, 1983 The Reagan Range James E. Combs, 1993 By looking at Reagan as a nostalgic representation we then gain insight into our desire to link the American past with the present and understand more fully what the mythic past and its current political representation means to us Reagan meant something deeper to us as a people than merely a political ideology and an agenda and it is the burden of this book to attempt illumination of that meaning If the reader can take away from it deeper understanding of both Reagan and the America he proclaimed then she or he can gain access to the warp and woof of popular knowledge the true subject of the book and the real source of Reagan's appeal The book ranges over the images and institutions of Reagan country the town the family the business the church and throughout the personality who represented these nostalgic formations to us **Social Psychology** Michael C. Kearl, Chad Gordon, 1992 This work integrates a broad range of interdisciplinary research to help students make connections with other subject matter they may be studying It provides chapters that offer in depth analyses of the psychology of religion work and social change **Body, Identity, Sub-cultures and Repression in Texts from Africa**, 1999 **The Social Psychology of Clothing and Personal Adornment** Susan B. Kaiser, 1985 **International Criminal Justice Review**, 2000 **Doing Social Life** John Lofland, 1976 Educating Young Children: Sociological Interpretations Edith W.
