Higher Education That Works Mitchel B. Wallerstein, 2024 Discover how one public higher education institution was able
to succeed despite the many obstacles and challenges that it faced This is the story of how and why Baruch College of The
City University of New York became a positive outlier overcoming serious financial constraints physical space limitations and
other difficulties to be highly ranked academically and financially stable During a tumultuous time for public higher
education Baruch has graduated tens of thousands of smart and striving individuals the majority of whom were the first in
their family ever to attend college with little or no educational debt As the former president of the college Mitchel
Wallerstein analyzes the lessons learned and he identifies the specific factors that explain Baruch s success He addresses the
question of whether there is anything unique about Baruch s approach a secret sauce so to speak that accounts for its
academic success and financial strength and he considers whether the Baruch model can be replicated by other public
institutions Book Features Reviews the history of public higher education its development in the state of New York and the
important role it has played in the economic development of the United States Presents a unique comparative analysis of 15
public higher education institutions in 6 states across the country comparing their strengths and standing in relation to one
another and to Baruch College Explores the replicability and sustainability of the Baruch model in the context of other public
higher education institutions across the country Reflects on the current and future challenges facing public higher education
