The Snarktastic Guide to College Success Sandra Mizumoto Posey,Teague von Bohlen,2014-04-08 This is the eBook of the printed book and may not include any media website access codes or print supplements that may come packaged with the bound book For First Year Experience Student Success and Introduction to College courses as well as Student Orientation Bootcamp What if you didn t have to force students to read their college success textbook The Snarktastic Guide to College Success takes an alternative approach as the unvarnished usually said behind your back truth about what really matters straight from college students alums faculty staff and administrators And that s exactly what you ll find So go ahead assign it and marvel as students actually read it This alternative approach to college success strategies focuses on presenting information in a different tone In terms of information this is the sort of advice that students used to have to get from older and wiser fellow students from TAs feeling exceptionally generous one day after class or from horrors figuring it out themselves The trouble with learning these lessons on your own is that by the time you figure it out you ve either nearly or

already graduated This book allows incoming students to figure it out in time to put it to use And the alternative tone the snark in Snarktastic is what makes all that wholesome mentally nutritious information go down easy like the chocolate coating on a granola bar The Snarktastic Guide to College Success recognizes most students respond well to a humorous informed style like the The Onion <http://www.theonion.com> of textbooks if you will Funny irreverent honest and chock full of useful stuff It s all here from choosing a seat on the first day of class to how paying attention to who s wearing backpacks can save a lot of grief And that only scratches the snarky surface *Your Guide to College Success* John W.
