Describing Species Judith E. Winston, 1999-11-04 New species are discovered every day and cataloguing all of them has grown into a nearly insurmountable task worldwide Now this definitive reference manual acts as a style guide for writing and filing species descriptions New collecting techniques and new technology have led to a dramatic increase in the number of species that are discovered Explorations of unstudied regions and new habitats for almost any group of organisms can result in a large number of new species discoveries and hence the need to be described Yet there is no one source a student or researcher can readily consult to learn the basic practical aspects of taxonomic procedures Species description can present a variety of difficulties Problems arise when new species are not given names because their discoverers do not know how to write a formal species description or when these species are poorly described Biologists may also have to deal with nomenclatural problems created by previous workers or resulting from new information generated by their own research This practical resource for scientists and students contains instructions and examples showing how to describe newly discovered species in both the animal and plant kingdoms With special chapters on publishing taxonomic papers and on ecology in species description as well as sections covering subspecies genus level and higher taxa descriptions Describing Species enhances any writer's taxonomic projects reports checklists floras faunal surveys revisions monographs or guides The volume is based on current versions of the International Codes of Zoological and Botanical Nomenclature and recognizes that systematics is a global and multicultural exercise Though Describing Species has been written for an English speaking audience it is useful anywhere Taxonomy is spoken and will be a valuable tool for professionals and students in zoology

Daily Scriptures Jacob N. Cerone,Matthew C. Fisher,2021-11-02 Pastors students and scholars not in the midst of language coursework often find it difficult to maintain their knowledge of biblical languages like Hebrew Greek and Latin For those looking to do so in a meaningful but manageable way this devotional offers 365 short daily readings pairing an Old Testament passage in Hebrew and Greek with a corresponding New Testament passage in Greek and Latin Lexical notes in English are included as a way of facilitating a comfortable reading experience that will build one s confidence and ability in reading the Hebrew Bible the Septuagint the Greek New Testament and the Latin Vulgate Our goal and our purpose for this volume is to keep you in the languages keep you fed in the Word and hopefully spark a desire to explore more deeply how the New Testament at its core relies upon the Old Testament Scriptures from the introduction *The Eucharist as Orikonso* Damian Onwuegbuchulam Eze,2008 In this book the author relying on the research he carried out in Igboland Nigeria leads us to see the action of God s grace already active in the Igbo religious culture called Omenala Ndigbo before the coming of Christian missionaries and how these cultural values have prepared the people to receive the Gospel But as he points out these cultural values on which the Christian message ought to have been built from the beginning were grossly misunderstood and neglected The Igbo people are now mainly Christians But because the Gospel has not yet become their culture some of them have double allegiance to the doctrines of the Church and to the practices of Omenala Ndigbo The author opines that to build the Catholic Church in Igboland on a solid foundation the Eucharist must take the central place since the Eucharist makes the Church and is the source and summit of the life of the Church Thus the work which uses the analytical and hermeneutical method known as inculturation is on Eucharistic Ecclesiology from an Igbo perspective and will be useful for the Church both at the local and universal levels for self understanding and renewal ecumenism dialogue and mission *Critical Posthumanism and Planetary Futures* Debashish Banerji,Makarand R. Paranjape,2016-10-07 This volume is a critical exploration of multiple posthuman possibilities in the 21st century and beyond Due to the global engagement with advanced technology we are witness to a species wise blurring of boundaries at the edge of the human On the one hand we find ourselves in a digital age in which human identity is being transformed through networked technological intervention a large part of our consciousness transferred to smart external devices On the other hand we are assisted or assailed by an unprecedented proliferation of quasi human substitutes and surrogates forming a spectrum of humanoids with fuzzy borders Under these conditions critical posthumanism asks who will occupy and control our planet Will the superhuman merely serve as another sign under which new regimes of dominance are spread across the earth Or can we discover or invent technologies of existence to counter such dominance It is issues such as these which are at the heart of this new volume of explorations of the posthuman The essays in this volume offer leading edge thought on the subject with special emphases on postmodern and postcolonial futures They engage with questions of subalternity and feminism vis vis posthumanism dealing

with issues of subjugation dispensability and surrogacy as well as the possibilities of resistance ethical politics or subjective transformation from South Asian archives of cultural and spiritual practice This volume is a valuable addition to the on going global dialogues on posthumanism indispensable to those from across several disciplines who are interested in postcolonial and planetary futures *The British National Bibliography* Arthur James Wells,2006 **Cumulative Book Index** ,1998 A world list of books in the English language *Feminist Expositions of the Old Testament in Africa (Tanzania) in the Context of the Office Held by Deborah in Judges 4 and 5* Hoyce Lyimo-Mbowe,2015 Both women and men were leaders since ancient times however few female leaders are reported Deborah is one of the powerful female leaders during the ancient Israel This work explored the feminist expositions of the Old Testament in Africa with focus on the context of the offices held by Deborah as narrated in the book of Judges Chapter 4 and 5 The exegetical part shed light onto the role played by the female leaders among the Israelites The feminist paradigms in Judges 4 and 5 demonstrate how female characters in these chapters construct a way to disagree with what seems to oppress women and deny their leadership capability The findings of this study determine that gender should not be perceived as having an effect on leadership in general **Design, Information and Complexity in Creation** ,2003
