made the rocky transition from agrarian to industrial societies This volume provides a concise survey of Latin American wars between 1899 and 1941 It compares and contrasts the wars and considers them in light of military theory It also demonstrates how instrumental wars have been in directing the history of Latin America and how the United States has often influenced these wars in a decisive manner Wars examined include border disputes in Peru Bolivia Ecuador Panama and Costa Rica and domestic insurrections in Colombia Cuba Mexico and Nicaragua Numerous photographs and maps illustrate the text and make it easy to follow every military campaign The vivid narrative captures the human drama of the wars and brings to life the violent clashes of powerful personalities in unusually hostile terrain Jungles mountains and deserts ravaged armies no less dramatically than combat and the emotions the wars released make many episodes unforgettable Instructors considering this book for use in a course may request an examination copy here *Drugs in Society* Michael D.
