As One Is Jiddu Krishnamurti, 2013-10-30 J Krishnamurti remains one of the world s greatest philosophers and teachers He deeply understands the operation of the human mind particularly how our thinking lies at the root of all violence and suffering In this series of 8 previously unpublished lectures he discusses a world in which booming productivity and scientific advancement should promise a happy future but don t He asks his listeners to consider that we are merely substituting comfortable myths for our fears and living as if these myths were true This book patiently explains how to examine our assumptions how to question our conditioned beliefs and ultimately how to listen for truth both within and from the world around us As One Is offers readers a rare opportunity to gain greater self understanding and clarity in the midst of confusion Krishnamurti offers a means to transform thinking and hence our relationship to life It seems to me that our many problems cannot be solved except through a fundamental revolution of the mind for such a revolution alone can bring about the realization of that which is truth Therefore it is important to understand the operation of one s own mind not self analytically or introspectively but by being aware of its total process and that is what I would like to discuss during these talks J Krishnamurti
