

CHAPTER 1

THE COLLISION OF CULTURES

FIRST ENCOUNTERS WITH NATIVE AMERICANS This 1900 engraving is one of the earliest European images of the way Native Americans lived in the Americas. It also represents some of the ways in which white Europeans would view the people they called Indians for many generations. Native Americans here are portrayed as exotic savages, whose sexuality was not contained within stable families and whose savagery was evidenced in their practice of eating the flesh of their slain enemies. In the background are the ships that have brought the European visitors who recorded these images. — *The Granger Collection, New York*
