Syntactic Analysis and Description David Lockwood, 2005-12-07 This book is designed to teach undergraduate and beginning graduate students how to understand analyse and describe syntactic phenomena in different languages The book covers every aspect of syntax from the basics to more specialised topics such as clitics which have grammatical importance but cannot be used in isolation and negation in which a construction contradicts the meaning of a sentence The approach taken combines concepts from different theoretical schools which view syntax differently These include M A K Halliday's systemic functional linguistics the stratificational school advocated by Sydney Lamb and Kenneth L Pike's tagmemic model The emphasis of the book is on syntactic structures rather than linguistic meaning and the book stresses the difference between a well formed sentence and a meaningful one The final chapter brings these two aspects together to show the connections between syntax and semantics Each chapter concludes with exercises from a diverse range of languages and a list of major technical terms The book also includes a glossary as an essential resource for students

Latvians in Michigan Silvija D. Meija, 2005-07-11 Latvians have contributed to the cultural mosaic and economy of
Michigan far more than one might imagine There are three large Latvian communities in Michigan Kalamazoo Detroit and
Grand Rapids with several smaller enclaves elsewhere in the state An underlying goal of Latvians who now live in Michigan
as well as other parts of the United States and Canada is to maintain their language and culture More than five thousand
Latvians came to Michigan after World War II found gainful employment purchased homes and became a part of the
Michigan population Most sought to reeducate themselves and struggled to educate their children in Michigan s many
colleges and universities Latvians in Michigan examines Latvia and its history and describes how World War II culminated in
famine death and eventual flight from their homeland by many Latvian refugees After the war ended most Latvian emigrants
eventually made their way to Sweden or Germany where they lived in displaced persons camps From there the emigrants
were sponsored by individuals or organizations and they moved once again to other parts of the world Many came to the
United States where they established new roots and tried to perpetuate their cultural heritage while establishing new lives
