The Key to Creativity Hilde Østby, 2023-04-11 Readers of *Stolen Focus* and *Quiet* will appreciate this wide-ranging and passionate investigation into creativity: Why and when it strikes us and how to transform workplaces, classrooms, and societies for creativity to flourish. After a cycling crash leaves her head spinning, journalist Hilde Østby finds herself suddenly bursting with creative energy, which makes her wonder: What's the secret to human creativity? Where do ideas come from? And most importantly, in a society that praises productivity and pace, how can we nurture rather than suppress our creative impulses? Using Alice's *Adventures in Wonderland* as her inspiration, Østby takes readers tumbling down the rabbit hole of ideas. *The Key to Creativity* features interviews with powerhouse creatives like journalist Michael Pollan, novelist Maja Lund, and artist Tracey Emin, and decodings of their creative regimens. The cultural history and science behind our aha moments, our inner critics, and our idle thoughts. Information on how to foster your creative potential. Østby shares how we can cultivate more creativity in our lives through prioritizing daydreaming and valuing productivity less. With the charm of Alice exploring *Wonderland* and meeting its curious inhabitants, *The Key to Creativity* invites us to imagine a world where daydreaming is encouraged and even our strangest ideas have value. 2014

The solo exhibition *Ai Weiwei* at Taipei Fine Arts Museum (TFAM) is the artist's first large-scale solo exhibition to be held anywhere in the ethnic Chinese world. The museum presents the exhibition to convey Ai Weiwei's dynamic works of art, his ideas, and influential power to the audience. *Ai Weiwei: Absent* presents 21 sets of artwork spanning a period from the 1980s to 2011, encompassing a variety of forms such as installation and video and using a variety of materials such as ceramics, marble, antique utensils, and bicycles. It also includes a series of over 100 photographic works, 75 of which were taken by the artist during his stay in New York between 1983 and 1993, while the other 25 pieces were shot after he moved back to Beijing's East Village in 1993. The artist's most recent work, *Forever Bicycles*, created specially for this exhibition, is composed of 1,200 bicycles and installed in an exhibition space 10 meters high. Bicycles have long been the most common means of transport in China, and as such are both familiar and intimate, but Ai Weiwei strips away the functionality of the object. He takes his own sensitivity and preferences and through them expands the idea of using finished objects. The use of 1,200 bikes and the large structure of the work were particular challenges in the construction of the piece. In addition, as the bikes are piled layer upon layer on top of each other, their wheel axles are transformed to form a labyrinthine-like space. Visitors can appreciate and reflect on the aesthetics of the abstract shapes from different angles at the same time, feeling first-hand the work's great energy and appeal.
