Classical Evangelical Essays in Old Testament Interpretation Walter C. Kaiser, 2008-09-08 **Toward Old Testament Ethics** Walter C. Kaiser, Jr., 1991-08-31 Providing exegetical principles for the study of Old Testament ethics this volume examines moral texts of the Old Testament and explores the content of Old Testament ethics and its meaning to believers today It can be used quite effectively as a textbook for Ethics in the Old Testament The Christian and the Old Testament Walter C. Kaiser, 2019-04-24 Is the Old Testament relevant for today Yes Discover the unifying theme of the Old and New Testaments and of history in God's promise plan first given to Abraham in Genesis 12 Cross cultural workers and students of the Bible will discover valuable insights and new zeal for searching and communicating the Scriptures in this very readable book based on years of massive scholarship *Messianic Revelation in the Old Testament* Gerard Van Groningen, 1997-07-16 Books by evangelical scholars on messianism in the Old Testament are either outdated too brief or lack balance observes the author Messianic Revelation in the Old Testament represents the most thorough conservative analysis of the century Van Groningen traces the messianic expectation as it is progressively revealed in the Hebrew Scriptures He first introduces the messianic concept defining its terms and uncovering its source He finds these messianic presentations rooted in and shaped by divine revelation The major part of this volume explores messianism's philological historical and theological aspects The result of this study writes the author reveals that the messianic concept refers to a royal priestly prophetic person and his work Passages that deal with these messianic motifs have been selected for close scrutiny and evaluation The author believes that a correct understanding of messianism in the Old Testament requires a balanced hermeneutical approach from exegeting the relevant texts and studying their historical context to interpreting prophecy and organizing its theological truths In the words of the author To omit one element is to do injustice to the Old Testament Van Groningen has included an extensive bibliography of both books and articles for those wishing to pursue additional study A Scripture index helps one to locate the author's exegetical insights on various passages An index of persons concludes the work **The Uses of the Old Testament in the New** Walter C. Kaiser, 2001-12-03 The debate over whether New Testament writers were entirely accurate in their quoting from the Old Testament has raged since before the turn of the century This fundamental question has been one starting point in thought for both redaction and canon criticism A majority of contemporary scholars have even agreed that New Testament writers and readers permissively interpreted the Old Testament text Author Walter Kaiser Jr elucidates how this state of doctrinal affairs came about He references the Old Testament text for accurate exegesis and content to answer the one question symbolizing the entire work Have the New Testament writers fairly cited the Old Testament quotations according to their real truth intention and original writer's meaning in their attempt to show that the Messiah and many of the events in the first century A D church had indeed been anticipated by the O T writers The apostles preached and wrote while utterly convinced that Old Testament writing had

anticipated the marvelous events they proclaimed Did they give meaning to meaningless Old Testament texts Did they squeeze fulfilled prophecy out of a dry passage These are the central questions answered in this work *The Christian and the Old Testament* Walter C. Kaiser Jr.,2019-04-24 Is the Old Testament relevant for today Yes Discover the unifying theme of the Old and New Testaments and of history in God s promise plan first given to Abraham in Genesis 12 Cross cultural workers and students of the Bible will discover valuable insights and new zeal for searching and communicating the Scriptures in this very readable book based on years of massive scholarship Hermeneutics Henry A.
