Evaluating Digital Sources in Journalism Ståle Grut, 2023-12-28 Building on a rich journalistic tradition of critical source analysis this book considers the impact of the move from analogue to digital sources on information quality and presents methods and tools to verify information found online and help counter the spread of misinformation *Evaluating Digital Sources in Journalism* critically maps the prevalence of online manipulation particularly images and videos from social media platforms and considers the tools needed both to carry out and to counter this Strategies are proposed to help readers evaluate content context and sources and ultimately build a foundation for carrying out their own online open source investigations The author brings together theories and best practices from a broad range of literature including modern Scandinavian research on the concept of source criticism journalism and technology studies advanced forensic verification research and literature designed for practitioners including blogs and industry publications *Evaluating Digital Sources in Journalism* is recommended reading for advanced journalism students and journalism practitioners

Practical AI Style Mike P. O'Brien, 2025-06-24 Dear Reader You and I are both here because the rules are changing You didn't pick up this book to learn about AI You picked it up because your work is already being reshaped by it AI touches nearly every interaction Instead of looking to AI for answers we need to set our own rules with clarity confidence and control If you've ever turned to *The Elements of Style* for clarity in writing this book offers a way to approach AI with the same care We need to learn how to work with AI to understand Who it is and What it isn't *Practical AI Style* isn't a warning or a blind embrace It is a guide to help AI assist and augment our skills grounded in clear intent consistent tone thoughtful constraints and alignment with our values Inside you will find elements workbooks and exercises I have used with teams navigating this terrain all designed to help you build your own AI Style Guide you can put to immediate use Along the way you will meet a few of my favorite cohorts a race engineer an art forger Scheherazade Juror 8 the Great One and a Pope Each offers an authentic perspective that helps shape how we approach AI with tone judgment assurance and trust Thanks for being part of this work With Gratitude Mike P S We likely haven't met I've spent my career where technology meets learning helping people and teams adapt to change with clarity and care This book was shaped by years of work with organizations a curiosity for what comes next and one vivacious partially trained golden retriever named Mara who reminds me daily how nascent intelligence does not always look or act the way we expect I live with my wife and daughter in Hull Massachusetts leashed to the future five feet behind Mara A little more about the book for the curious AI is transforming business fast bringing both opportunity and risk messaging can become inconsistent and brand voice diluted *Practical AI Style* offers your AI Style Guide a modern *Elements of Style* for AI use It anchors AI in clarity consistency and values ensuring AI reflects your brand's true purpose Unlike policies it focuses on how to use AI responsibly setting tone intent and transparency norms that turn AI into a trusted partner What Is an AI Style Guide It defines principles for creating and managing AI content helping teams produce aligned

trustworthy outputs Inspired by Strunk and White s clarity this book distills the essentials for effective AI communication A Practical Workbook More than theory it offers exercises and templates to build your guide You ll learn to Define your AI s tone and ethics Train teams to write clear AI prompts Create a living guide that grows with your needs Use AI confidently with balance and control This book empowers you to lead your organization in using AI thoughtfully protecting your brand in a fast changing world Start Your AI Journey AI s pace is fast but mastery is possible Practical AI Style gives you the tools to build clarity and control turning risk into advantage **How to Think about Data Science** Diego

Miranda-Saavedra,2022-12-23 This book is a timely and critical introduction for those interested in what data science is and isn t and how it should be applied The language is conversational and the content is accessible for readers without a quantitative or computational background but at the same time it is also a practical overview of the field for the more technical readers The overarching goal is to demystify the field and teach the reader how to develop an analytical mindset instead of following recipes The book takes the scientist s approach of focusing on asking the right question at every step as this is the single most important factor contributing to the success of a data science project Upon finishing this book the reader should be asking more questions than I have answered This book is therefore a practising scientist s approach to explaining data science through questions and examples *AI Needs You* Verity Harding,2025-08-19 A humanist manifesto for the age of AI Artificial intelligence may be the most transformative technology of our time As AI s power grows so does the need to figure out what and who this technology is really for AI Needs You argues that it is critical for society to take the lead in answering this urgent question and ensuring that AI fulfills its promise Verity Harding draws inspiring lessons from the histories of three twentieth century tech revolutions the space race in vitro fertilization and the internet to empower each of us to join the conversation about AI and its possible futures Sharing her perspective as a leading insider in technology and politics she rejects the dominant narrative which often likens AI s advent to that of the atomic bomb History points the way to an achievable future in which democratically determined values guide AI to be peaceful in its intent to embrace limitations to serve purpose not profit and to be firmly rooted in societal trust Now with a new foreword by the author AI Needs You gives us hope that we the people can imbue AI with a deep intentionality that reflects our best values ideals and interests and that serves the public good AI will permeate our lives in unforeseeable ways but it is clear that the shape of AI s future and of our own cannot be left only to those building it It is up to us to guide this technology away from our worst fears and toward a future that we can trust and believe in **Mike Nichols** Mark Harris,2022-02-01 One of The Hollywood Reporter s 100

Greatest Film Books of All Time A National Book Critics Circle finalist One of People s top 10 books of 2021 An instant New York Times bestseller Named a best book of the year by NPR and Time A magnificent biography of one of the most protean creative forces in American entertainment history a life of dazzling highs and vertiginous plunges some of the worst largely unknown until now by the acclaimed author of Pictures at a Revolution and Five Came Back Mike Nichols burst onto the

scene as a wunderkind while still in his twenties he was half of a hit improv duo with Elaine May that was the talk of the country Next he directed four consecutive hit plays won back to back Tonys ushered in a new era of Hollywood moviemaking with Who's Afraid of Virginia Woolf and followed it with The Graduate which won him an Oscar and became the third highest grossing movie ever At thirty five he lived in a three story Central Park West penthouse drove a Rolls Royce collected Arabian horses and counted Jacqueline Kennedy Elizabeth Taylor Leonard Bernstein and Richard Avedon as friends Where he arrived is even more astonishing given where he had begun born Igor Peschkowsky to a Jewish couple in Berlin in 1931 he was sent along with his younger brother to America on a ship in 1939 The young immigrant boy caught very few breaks He was bullied and ostracized an allergic reaction had rendered him permanently hairless and his father died when he was just twelve leaving his mother alone and overwhelmed The gulf between these two sets of facts explains a great deal about Nichols's transformation from lonely outsider to the center of more than one cultural universe the acute powers of observation that first made him famous the nourishment he drew from his creative partnerships most enduringly with May his unquenchable drive his hunger for security and status and the depressions and self medications that brought him to terrible lows It would take decades for him to come to grips with his demons In an incomparable portrait that follows Nichols from Berlin to New York to Chicago to Hollywood Mark Harris explores with brilliantly vivid detail and insight the life work struggle and passion of an artist and man in constant motion Among the 250 people Harris interviewed Elaine May Meryl Streep Stephen Sondheim Robert Redford Glenn Close Tom Hanks Candice Bergen Emma Thompson Annette Bening Natalie Portman Julia Roberts Lorne Michaels and Gloria Steinem Mark Harris gives an intimate and evenhanded accounting of success and failure alike the portrait is not always flattering but its ultimate impact is to present the full story of one of the most richly interesting complicated and consequential figures the worlds of theater and motion pictures have ever seen It is a triumph of the biographer's art International Journal of Comic Art, 2009 *Science* John Michels (Journalist), 2010 **PC Gamer**, 2006 **Thriving on Overload: The 5 Powers for Success in a World of Exponential Information** Ross
