Crash Course in Young Adult Services Sarah Flowers, 2017-10-10 Learn how to improve teen services in public libraries by better understanding teen development and having positive interactions with teens to provide appropriate and interesting collections and services A library can be a tremendous resource for teens one that helps them to learn about themselves and the world they live in But teenagers are intrinsically different from children and from adults and these critical developmental differences affect the ways they interact with others both in the world at large and in the library Serving teens effectively in the library requires a basic understanding of who teens are and the developmental tasks they face factors that affect all aspects of library service from the specific programs and services we offer to the ways that staff provide assistance to the teen who is seeking help at a library service desk This book enables library workers to better understand adolescent development which allows them to provide a positive library experience for teens Readers will learn how to supply excellent library services with and for teens including in the areas of collection development readers advisory reference and homework help programming and advocacy The book identifies the best ways to have positive interactions with teens in the library based on their mental development and details best practices for teen services The concluding section discusses advocating for teens with emphasis on their right to privacy and equal access to materials and services

Adolescent Use of New Media and Internet Technologies Gordon P. D. Ingram, 2023-03-31 This book engages with contemporary and often polarizing debates surrounding the risks of adolescent use of digital media and internet technologies By drawing on multiple research studies the text synthesizes current understandings of the impacts of social network use online gaming pornography and phenomena including cyberbullying cyberstalking and internet addiction to develop recommendations for the effective identification of at risk youth as well as strategies for informed communication about online risks and opportunities It shows how media discussion

of risks to children and teenagers from new technology is highly emotive and often exaggerated rooted in the moral panic surrounding new cultural practices that young people engage in but which adults do not understand Online risks are thus conceptualized as centering on three areas specific to adolescence which have undergone radical changes due to new internet technology These include young people's identity the types of content that are accessed and social relationships The author shows how these matters stem from the potential of new technology to establish new interpersonal connections emphasizing how it brings opportunities as much as risks As such he provides a uniquely balanced discussion of potential dangers while also emphasizing the opportunities for social academic and personal growth which new technologies afford young people It will be indispensable for researchers and clinicians interested in assessing levels of online risk as well as scholars and educators with interests in cyberpsychology social psychology cyber culture social aspects of computing and media and adolescent development

Brandweek ,2008 *Preview* ,2008 Beginning with 1999 first issue of the year devoted to coverage of the International ASEG Conference and Exhibition *Learning how to Handle Controversial Issues in Schools and Other Education Settings* David Kerr,Ted Huddleston,2020 Learning how to deal with controversial issues is at the heart of education for democratic citizenship and human rights education Highlighting best practices from case studies across Europe this guide offers innovative approaches and practical tools to handle controversy in schools effectively Controversy and controversial issues are at the centre and at all levels of our democratic societies This means that learning how to deal with such issues must always be at the heart of an effective education for democratic citizenship and human rights education EDC HRE That learning takes place in schools and other education settings as children and young people progress in their education from early years through primary lower secondary and upper secondary phases into tertiary and higher education and beyond The Council of Europe has an outstanding record in promoting education for democratic citizenship human rights education and intercultural dialogue and in fostering and teaching about the importance of democratic culture It is therefore fitting that the Council of Europe in partnership with the European Union through the Joint Programme Democratic and Inclusive School Culture in Operation DISCO formerly known as the Human Rights and Democracy in Action Pilot Projects Scheme has helped to facilitate the creation of this very timely good practice guide which complements the manuals Teaching controversial issues and Managing controversy
