Marketing for Tourism, Hospitality & Events Simon Hudson, Louise Hudson, 2023-12-04 This cutting edge and engaging student textbook now in a second edition provides essential coverage of marketing principles for Tourism Hospitality and Events with a strong focus on the increasing global and digital aspects of these industries The text has been updated to include all the latest industry developments practice and research including the lasting impacts of Covid 19 on consumer behaviour and in turn the tourism hospitality and events industries as well as the accelerated role of digitalization and use of new technologies such as artificial intelligence and the metaverse both of which are changing how people conceive of travel and experiences whilst blurring the boundaries between what is real and virtual Popular chapter features such as Lessons from a Marketing Guru featuring personal insights from real world practitioners and Digital Spotlights which highlight the ways in which technology has transformed tourism hospitality and events and Marketing in Action case studies continue to help bring the text to life through fun and relevant examples from a wide variety of organizations and regions across the globe This textbook is essential reading for any university or college course looking at marketing in relation to tourism hospitality and events Simon Hudson is a tourism and hospitality professor at the University of South Carolina Louise Hudson is a freelance travel journalist writing for a host of newspaper travel sections online tourism sites and her own blog

If You Could Live Anywhere Melody Warnick, 2022-07-26 Even when your job can be done from anywhere the place you call home still matters a lot By the old rules of work your dream career determines where you live If you want to make movies move to Los Angeles If you want to work in publishing you must be in New York And if you re launching a start up you ll only succeed in Silicon Valley But with the meteoric rise of remote and freelance work more people than ever are becoming location independent Even doctors teachers and other people in more traditional occupations have to make tough choices about where they settle because living in the right place can still make all the difference for your success and happiness So if work won t dictate where you live how will you ever

decide If You Could Live Anywhere answers that question Melody Warnick unpacks the big picture concerns that we often miss when we re writing pros and cons lists about potential destinations Because the secret to being happy isn t moving it s aligning your location with your values You ll learn how to craft a personal location strategy that will make the most of your money your community and your life with success stories from people who flexed their location independence to find homes and work they love The future of work is clear it can happen wherever you are So where do you really want to be

Virtual Teams Across National Borders Marin A. Marinov,2023-11-03 Virtual teams can be traced back to the 1990s with the debauched development of communication technologies as well as the fast extension of the internet Virtual teams possess unique features allowing them to combine cultural multiplicity specific tasks physical remoteness of team members continuous distant communication critical interdependence of tasks leadership cohesion empowerment confidence virtuality special trust creation and trust building For a successful functioning of present day organisations they need to employ geographically dispersed labour force Creating virtual teams functioning across national borders organisations secure the most competent talent available world wide Employing the best available know how virtual teams apply the knowledge of experts from various cultures having diverse capabilities as well as varied perceptions on dealing with multiple organisational challenges from strategic perspectives Compositions of virtual teams operating across national borders alter depending on types of industry organisation and organisational unit International virtual teams functioning across national borders perform from practically everywhere all over the world if there is a secure and constant internet connection This book is dedicated to offering a comprehensive outlook and analysis of the theoretical and practical aspects related to the creation of virtual teams across national borders as well as the specifics of their implementation The research published as chapters in the book allow the detection of the key aspects and trends concerning the creation and performance of virtual teams across national borders The book presents topics not being investigated in depth so far or not researched at all The purpose of the book is to fill in certain gaps in the existing research and subsequent publications referring to a broad variety of issues concerning theoretical and empirical fundamentals of the creation of virtual teams and their functioning across national borders the role of virtual intelligence in relation to distance interpretation in international virtual teams geography of virtual teams in relation to digital nomads communication in virtual teams creation of communal identity via implementation of virtual teams tax implications for virtual work among numerous other issues

Gen Z at Work in Central and Eastern Europe Elżbieta Wąsowicz-Zaborek,Adam Oleksiuk,2025-11-25 In an era of rapid transformation in the world of work Generation Z emerges as a transformative force reshaping traditional employment models with their distinct preferences and values As the first fully digital native generation they seek flexibility remote work opportunities and a healthy work life balance This book examines these transformative trends in the context of Central and Eastern Europe focusing on three diverse and representative countries Poland Czechia and Estonia Together these nations illustrate the

region's economic diversity and innovation offering insights into how local labour markets are responding to the expectations of this new workforce Grounded in original research including interviews and case studies the book presents quantitative analysis to explore Gen Z's preferences attitudes and aspirations The findings shed light on demographic variations such as gender and place of residence and examine how these factors influence work preferences across the three countries Beyond identifying trends the book offers practical recommendations addressing the challenges and opportunities posed by generational change The narrative unfolds through three interconnected themes the socio economic dynamics of Poland Czechia and Estonia the comparative analysis of survey findings highlighting generational similarities and differences and broader implications for industries organizational strategies and regional economies Special attention is given to emerging work models such as work from anywhere WFA and workation hubs in Europe emphasizing their role in shaping regional development and economic policy The book bridges the gap between academic research and real world application making it an essential resource for scholars researchers advanced students and policymakers Chapters 6 and 7 of this book are freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Kingdom Of Ten Thousand Things Gary Geddes, 2012-08-14 For thirty years Gary Geddes has lived with his shadow self an obscure 5th century Buddhist monk named Huishen whose legend shanghaied his vivid imagination Huishen originally from Kabul Afghanistan reportedly sailed from China to Vancouver Island continuing southward to Mexico In a journey to recreate the travels of Huishen Geddes finds himself not only struggling to cross the ancient barriers of the Himalayas the Taklamakan Desert the Pacific Ocean and the jungles of Central America but also gingerly picking his way through Taliban landmines and Chinese and Zapatista politics From Afghan refugees to Tibetan monks and the ghost of Quetzalcoatl in Mexico Geddes encounters a host of quirky characters and fast friends none so compelling and insistent as the voice of Huishen who speaks to him mysteriously across the centuries But not even Huishen could imagine the events of 9/11 which transform Geddes journey beyond a quest for an elusive monk into an exploration of the ways in which we learn to interpret history Sacred profane and richly comic Kingdom of Ten Thousand Things a Chinese term for life itself is a remarkable personal odyssey a cornucopia of adventure philosophy and hearsay a book that will disarm and delight while provoking debate just who got here first anyway

Digital Nomad Tsugio Makimoto, David Manners, 1997-12-29 Predicts that one of the main effects of current and future technological changes will be to allow people to live and work on the move
