*How Executives Should Think About AI* Stephen J. Andriole, 2025-09-30 Much of what is said about AI is misleading or just plain wrong It s also sometimes intended to frighten everyone about a future that s unlikely to occur think Bill Gates Elon Musk Steve Wozniak and Geoffrey Hinton among others AI will not steal children hold hostages for bitcoins or start nuclear wars But it will fundamentally change business through the intelligent automation of many routine and nonroutine tasks that companies perform all the time Old business models will die as fast as new ones emerge Whole industries will be reengineered reinvented and reimaged Some will be displaced altogether Some industries will be disrupted in every sense of the word in just three to five years In fact it s already begun How Executives Should Think About AI Straight Talk About the Inevitable prepares executives for the AI future It s not a complicated treatise on AI or a theoretical look at how new technology can transform business models and processes It s a series of conversations masquerading as chapters designed to help executives quickly understand AI what it can do and what they should do about AI machine learning ML and generative AI GenAI right now These conversations about AI are intended to get executives up

to speed on AI ML and GenAI so that they become AI comfortable in many ways including launching a steady stream of demonstration prototypes to help their companies explore AI s capabilities and potential benefits These timely conversations can help executives understand how AI will impact their companies and their professional success It s straight talk about the most important technology since the Internet Executives have no choice but to embrace AI to accomplish their professional goals This book helps accomplish these goals It helps them make decisions about what AI can and cannot do for their companies

**The Future of No Work** Filip Drimalka, 2024-01-01 We have been told for ages that technology would make our lives easier Instead we increasingly find ourselves drowning in tedious tasks and feeling trapped in the daily grind overflowing calendars endless to do lists and a never ending stream of interruptions And since we re always connected our work never seems to end Imagine a world where technology finally starts taking care of all the boring stuff so you can focus on what really matters to you Where smart AI apps empower you to create anything you can imagine and even things you never would have thought of Where you have the power to redesign work around your life not the other way around This is the era of No Work It s not about escaping work but about using our skills and leveraging the possibilities unlocked by AI so that our days are primarily comprised of the things we are passionate about Because that s how we can create something extra ordinary Inside this book you ll find hundreds of practical examples and tips How to find select and use the right digital tools for anything you do How to make your productivity skyrocket with AI and reclaim your time How to do things your way with greater freedom by automating more tasks How to craft the work you want whether you re an entrepreneur or an employee How to seize new opportunities and build a future proof career The book will provide you with loads of tips on the best apps and tools that are part of the AI revolution but the real magic is how it changes the way you think You ll learn new skills and timeless principles that will keep you ahead of the game no matter how AI changes the way we work FILIP DRIMALKA pronounced like Phil Dream is a digital innovation expert and a sought after European consultant on technology adoption He is the founder of Digiskills Digitask and Digi Challenge projects that are helping hundreds of companies and tens of thousands of individuals upskill and thrive in the digital age Filip resides in the Central European hot spot Brno with his wife and two children When he s not driving digital transformation you can find him skiing surfing or mountain biking He doesn t just write about No Work He actually lives it
