**Why Digital Transformations Fail** Tony Saldanha,2019-07-23 Former Procter Gamble Vice President for IT and Shared Services Tony Saldanha gives you the keys to a successful digital transformation a proven five stage model and a disciplined process for executing it Digital transformation is more important than ever now that we re in the Fourth Industrial Revolution where the lines between the physical digital and biological worlds are becoming ever more blurred But fully 70 percent of digital transformations fail Why Tony Saldanha a globally awarded industry thought leader who led operations around the world and major digital changes at Procter Gamble discovered it s not due to innovation or technological problems Rather the devil is in the details a lack of clear goals and a disciplined process for achieving them In this book

Saldanha lays out a five stage process for moving from digitally automating processes here and there to making digital technology the very backbone of your company For each of these five stages Saldanha describes two associated disciplines vital to the success of that stage and a checklist of questions to keep you on track You want to disrupt before you are disrupted be the next Netflix not the next Blockbuster Using dozens of case studies and his own considerable experience Saldanha shows how digital transformation can be made routinely successful and instead of representing an existential threat it will become the opportunity of a lifetime

*A World Without Email* Cal Newport, 2021-03-02 A New York Times and Wall Street Journal bestseller From New York Times bestselling author Cal Newport comes a bold vision for liberating workers from the tyranny of the inbox and unleashing a new era of productivity Modern knowledge workers communicate constantly Their days are defined by a relentless barrage of incoming messages and back and forth digital conversations a state of constant anxious chatter in which nobody can disconnect and so nobody has the cognitive bandwidth to perform substantive work There was a time when tools like email felt cutting edge but a thorough review of current evidence reveals that the hyperactive hive mind workflow they helped create has become a productivity disaster reducing profitability and perhaps even slowing overall economic growth Equally worrisome it makes us miserable Humans are simply not wired for constant digital communication We have become so used to an inbox driven workday that it s hard to imagine alternatives But they do exist Drawing on years of investigative reporting author and computer science professor Cal Newport makes the case that our current approach to work is broken then lays out a series of principles and concrete instructions for fixing it In *A World without Email* he argues for a workplace in which clear processes not haphazard messaging define how tasks are

identified assigned and reviewed Each person works on fewer things but does them better and aggressive investment in support reduces the ever increasing burden of administrative tasks Above all else important communication is streamlined and inboxes and chat channels are no longer central to how work unfolds The knowledge sector s evolution beyond the hyperactive hive mind is inevitable The question is not whether a world without email is coming it is but whether you ll be ahead of this trend If you re a CEO seeking a competitive edge an entrepreneur convinced your productivity could be higher or an employee exhausted by your inbox A World Without Email will convince you that the time has come for bold changes and will walk you through exactly how to make them happen **The AI Edge** Aaron Hayes,2025-05-14 Feeling buried under the daily grind of running your small business You pour your heart and soul into it but endless juggling repetitive tasks and constant pressure leave you exhausted and wondering if there s a smarter way Meanwhile Artificial Intelligence looms large seemingly complex expensive and reserved for the big players or is it The AI Edge by Rowan Sterling is your jargon free practical playbook to transform how you work It s designed specifically for ambitious small business owners ready to reclaim time boost efficiency and compete smart in today s AI powered world Inside you ll learn how to Deploy intelligent chatbots to provide instant 24 7 customer support Automate ad campaigns for better ROI and fewer wasted hours Create engaging marketing content quickly and consistently Simplify bookkeeping invoicing and financial tracking Forecast demand accurately to reduce costs and optimize inventory Boost team productivity with automated scheduling and transcription tools Turn raw business data into clear actionable insights Through real world case studies and hands on guidance you ll discover how to Start small with low cost tools Overcome common fears and misconceptions about AI Implement automation that works with your existing workflows Train your team to embrace new tools and strategies No tech background No problem You ll get clear step by step advice without the fluff only tools that work explained in plain language and ready to apply today Imagine your business running smarter even while you sleep With The AI Edge that future is within reach Say goodbye to overwhelm and hello to a more streamlined scalable and successful business Get your edge scroll up and grab your copy now
