

Level 2 NVQ Diploma in Performing Engineering Operations

Qualification Specification

Overview

This qualification covers the fundamental skills and knowledge common to all engineering practices. It offers an extensive choice and flexibility for learners to demonstrate competence in one or more of a broad variety of engineering activities. The qualification also caters for those providing technical support, including project planning and contributing to business improvement.

Typical Job

The qualification is applicable to a wide variety of engineering occupations within the sector, dependent on the pathway chosen.

Qualification code:	600/6264/1
Level:	2
Total qualification time:	400 Hours
Guided learning hours:	274 (min)
Credits:	40
Age range:	Pre-16, 16+

Issue 1

Purpose of the qualification

This qualification enables learners to acquire engineering competencies in a realistic, sheltered and controlled environment such as that offered by schools, colleges, training providers, company training centers, HM Prison Services and the MOD training workshops. This will then enable a safe progression into the workplace/employment. It is also for individuals employed in engineering but require additional engineering competencies as part of an existing job role or to enable career progression and those undertaking SEMTA apprenticeship frameworks.

What could this qualification lead to?

Performing Engineering Operations at Level 2 forms a major component of SEMTA's Engineering Apprenticeship Framework and allows progression onto a variety of other Level 3 Engineering related qualifications.

Entry Requirements

Learners must have the potential to achieve the assessment criteria set out in the units.

How is the qualification achieved?

What will be assessed?

All evidence submitted by the learner against the assessment criteria.

How will it be assessed?

The qualification is assessed by:

- holistic assessment
- portfolio of evidence (could be electronic)
- verbal questioning
- witness testimony
- knowledge and understanding

The PEO assessment routes are intended to have a wide application throughout the engineering sector. It is necessary therefore to have a flexible approach to the environment in which the assessment routes are delivered and assessed.

There will be learners who have been working in an industry for some time and wish to acquire a broad range of basic competencies as part of an existing job role or to enable career progression. The PEO assessment routes will satisfy that need.

PEO can be delivered in the workplace (in a sheltered environment) or at a Centre through workshop activities etc. There is no exam. PEO is also
