Calvin On Scripture Divine Sovereignty:

Calvin on Scripture and Divine Sovereignty John Murray, 1978 John Murray acclaimed as a foremost authority on the true thought of John Calvin clarifies Calvin's position on key issues confronting evangelical theologians today Doctrine of Scripture Authority of Scripture and Sovereignty of God Enhanced by its frequent inclusion of direct quotation this volume is far more convincing than one of mere opinion or interpretation Quoting substantially from Calvin's Commentaries and Institutes Murray 1 establishes that Calvin held to the verbal inspiration and infallible authority of the Bible 2 demonstrates that John Calvin maintained Scripture to be intrinsically authoritative by reason of its divine inspiration 3 explains that Calvin's conception of God's sovereignty according to His decrees and God's sovereignty according to divine providence Publisher

Calvin on Scripture and Divine Sovereignty Murray John, 2019-11 The three chapters of this book have their origin in a series of lectures on certain aspects of Calvin's theology delivered by John Murray professor of Systematic Theology at Westminster Theological Seminary Philadelphia These lectures were given in the Eastern Avenue Christian Reformed Church of Grand Rapids Michigan before large audiences of ministers professors students and interested laymen The occasion was the 450th anniversary of the birth of John Calvin and the 400th anniversary of the appearance of the final edition of Calvin's immortal work *The Institutes of the Christian Religion*

The Sovereignty of God Debate D. Stephen Long, George Kalantzis, 2009-01-01 How is God sovereign with respect to creation Does creation affect God Does God suffer or change because of creation If so how is this related to Christology Why have these questions been so controversial in evangelical theology even costing some people their jobs This book is a collection of lectures given to the Forum for Evangelical Theology at Garrett Evangelical Theological Seminary Six theologians answer the questions above from a variety of perspectives They draw on resources including the church fathers Thomas Aquinas John Calvin Jürgen Moltmann process theology and open theism In the process of answering the question does God suffer each theologian also illustrates how responding to this subject requires an examination of other crucial evangelical issues such as how we read Scripture and what it means to proclaim that God is love Although the writers answer these questions in a variety of ways the hope is that engaging in this conversation together can help evangelicals and all Christians to speak more faithfully of our sovereign God **Calvin's**

Doctrine of Biblical Authority Abd-el-Masih Istafanous, 2010-09-06 Calvin's Doctrine of Biblical Authority offers a profound new approach to a long debated topic Istafanous draws upon Calvin's twofold structure regarding salvation to illumine the Reformer's twofold knowledge of God with particular focus on biblical authority In doing so Istafanous presents Calvin's view of biblical authority framed within modern discussions of inspiration In the 1539 edition of the Institutes and in all subsequent editions John Calvin presented justification and sanctification as the twofold grace of God He repeatedly taught this concept in all of his commentaries sermons and other writings More than any other reformer Calvin used the twofold grace to express the full relationship between justification and sanctification In the definitive edition of the Institutes 1559

Calvin introduced the concept of the twofold knowledge of God. This framework has been considered by many as the ordering principle of the Institutes and all of Calvin's theology. Istafanous argues that the twofold Grace inspired Calvin to introduce the concept of the twofold knowledge in 1559. Thus the twofold grace of God provides the key to understanding the twofold knowledge specifically and Calvin's theology generally.

The Authority of Scripture in Reformed Theology Henk van den Belt, 2007-12-01. The authority of Scripture is the cornerstone of Reformed theology. Calvin introduced the term *autopistos* from Greek philosophy to express that this authority does not depend on the church or on rational arguments but is self-convincing. After dealing with Calvin's Institutes, the development of Reformed orthodoxy and the positions of Benjamin B. Warfield and Herman Bavinck, the author draws theological conclusions advocating a renewed emphasis on the *autopistia* of Scripture as starting point for Reformed theology in a postmodern context. The subject-object scheme leads to separating the certainty of faith from the authority of Scripture. The *autopistia* of Scripture understood as a confessional statement implies that truth and trust are inseparable.

Readings in Calvin's Theology Donald K. McKim, 1998-09-08. The essays offered here present many of the leading aspects of Calvin's thought. They seek to draw together Calvin's thinking on various topics to present a wide picture of his teachings. Selections include McNeill on Calvin, Battles on divine accommodation, McKim on Scripture, Wallace on preaching, Walker on the church, and more. This is an essential collection of essays for the student of Calvin's thought.

The Calvinist Conspiracy Ron Craig, 2015-05-08. Each of my books has gotten more intense than the previous one. This volume is no exception. It is actually a follow-up of my book entitled *Are Christians Just Saved Sinners?* That book dealt in depth with the subject of Calvinism plus some other heresies currently plaguing the church. This much smaller book deals only with Calvinism and covers less doctrinal territory. But it goes into an even deeper discussion of the essentials of that long-standing heresy. Most people have no idea of what Calvinism really teaches. Through this little book you are about to find out.

God's Power Anna Case-Winters, 1990-01-01. With this book Anna Case-Winters provides a reconstruction of the doctrine of God based on process theology and feminist thought. She takes a fresh approach to the problem of theodicy, the justification of God's goodness and omnipotence in view of the existence of evil, and contends that traditional attempts to address this problem are unsuccessful because they do not discuss the meaning of omnipotence. Once the dispute is recast, it is not a question of how much power is attributed to God but what kind. Case-Winters provides a coherent and theologically viable doctrine of omnipotence that avoids the pitfalls of traditional beliefs.

God, Revelation and Authority (Set of 6) Carl F. H. Henry, 1999-01-25. A monumental six-volume set that presents an undeniable case for the revealed authority of God to a generation that has forgotten who he is and what he has done.
