Jim Garrison, professor, Foundations of Education program, Virginia Tech. **A Higher Calling** Scott Petznick, 2021-09-16. This devotional book for teachers tackles many of the issues and struggles educators face today. Scott Petznick draws on twenty-one years of experience as an elementary school teacher to share stories, lessons learned and faith-based observations that challenge you to look at the teaching profession in a new way. As you read, you'll consider questions such as: Why did you decide to become a teacher? How do you feel about teaching now versus when you started? Do you really want to continue as a teacher? What does it mean to give a student a blank slate? While meant for teachers, this book is a great resource for parents, mentors or anyone with youngsters or young adults in their life. The lessons can be applied to whatever occupation you have to find meaning and thrive. Consider big questions and re-evaluate why and how you teach or why you do whatever you do. By looking at your occupation with a new perspective, you'll be inspired to do an even better job or decide to move on.

A Call to Teach, 1959. **Called to Teach** Christopher J. Richmann, J. Lenore Wright, 2020-08-04. The call to teach means different things to different people. This collection contends, however, that at the very least, faithful work in the teaching vocation involves excellence, commitment and community. Representing diverse disciplines and institutional perspectives from a Christian research university, the contributors present reflections based on personal experience, empirical data and theoretical models. This wide-ranging collection offers insight, encouragement and a challenge to teachers in all areas of Christian higher education. Building upon the legacy of thoughtful teaching at Baylor University while looking toward the future of higher education, this collection is framed for Christians who teach in higher education but who are also committed to research and graduate training.
