The Call of the Soul Ernest Charles Feyrer,1926      *Aristotle on Earlier Greek Psychology* Jason W. Carter,2019-03-21

This volume is the first in English to provide a full systematic investigation into Aristotle s criticisms of earlier Greek theories of the soul from the perspective of his theory of scientific explanation Some interpreters of the De Anima have seen Aristotle s criticisms of Presocratic Platonic and other views about the soul as unfair or dialectical but Jason W Carter argues that Aristotle s criticisms are in fact a justified attempt to test the adequacy of earlier theories in terms of the theory of scientific knowledge he advances in the Posterior Analytics Carter proposes a new interpretation of Aristotle s confrontations with earlier psychology showing how his reception of other Greek philosophers shaped his own hylomorphic psychology and led him to adopt a novel dualist theory of the soul body relation His book will be important for students and scholars of Aristotle ancient Greek psychology and the history of the mind body problem      *The Call of the Soul* Ernest C. Reyes,1970 For millions of people throughout the world in both the East and the West the existence of the soul is an accepted fact and this view is a basic tenet in most of the great religions Yet there are millions of others who do not accept the idea of a soul and who have a purely mechanistic view of man as a product of evolution The distinguished author of this work has built up his case for the existence of the soul by drawing on many sources including the evidence of such phenomena as memory sleep dreams hypnotism extrasensory perception and death He links his thesis with philosophical concepts of both East and West The work is well documented This is a challenging book and it will provide absorbing reading for those who seek an answer to the meaning of man s existence The author Dr Benito F Reyes is the first President of the University of the City of Manila Pamantasan ng Lungsod ng Maynila in the Philippines Prior to his inauguration in 1968 he was for twenty one years a professor at the Far Eastern University in Manila In 1951-52 he taught at Boston University as a Fulbright Smith Mundt professor and in 1965 he was a Fulbright Hays philosophy professor at the State University of New York He lectured at Harvard Brown and other American universities He has published a number of works on philosophy psychology and the quest for meaning front flap      **Program [of The] Annual Meeting** American Medico-Psychological Association,1899      **Dr. and Master Sha: Miracle Soul Healer** William Gladstone,2014-09-02 What accounts for miraculous healings unexplainable by doctors Is there a reality to spiritual healings William Gladstone initially approached Dr Zhi Gang Sha with some skepticism and disbelief William believed that there was more to life than the
