Call Of The Wild Complete And Unabridged:

Call of the Wild Jack London, 2024-01-02 The Call of the Wild is a novel by American writer Jack London. The plot concerns a previously domesticated and even somewhat pampered dog named Buck whose primordial instincts return after a series of events finds him serving as a sled dog in the treacherous frigid Yukon during the days of the 19th century Klondike Gold Rushes. Published in 1903, The Call of the Wild is one of London's most read books and it is generally considered one of his best. Because the protagonist is a dog, it is sometimes classified as a juvenile novel suitable for children, but it is dark in tone and contains numerous scenes of cruelty and violence. London followed the book in 1906 with *White Fang*, a companion novel with many similar plot elements and themes as *The Call of the Wild*, although following a mirror image plot in which a wild wolf becomes civilized by a mining expert from San Francisco named Weedon Scott.
