dialogue with other religious traditions is widely regarded as possibly the greatest modern or post modern challenge and the distinctive journey of our time Dialogue not only informs our understanding of various expressions of holiness it also can inform one s own religious faith and practice This book investigates a form of dialogue that can be a model for future dialogues Without laying assumptions on the nature of religious experience it allows these classic texts and their representative religions to speak for themselves What is often lacking in this history of dialogue is its lack of appreciation for distinctive religious paths and the experiences described therein Focused and Fearless Shaila Catherine,2010-07-16 Now ordinary meditators and non meditators can understand how to attain non ordinary states with relative ease Blended with contemporary examples pragmatic exercises and how to instructions that anyone can try Focused and Fearless provides a wealth of tools to cultivate non distracted attention in daily life and on retreat Shaila Catherine has a friendly wise approach to the meditative states jhanas that lead to liberating insight Focused and Fearless is about much more than merely meditation or concentration It offers a complete path towards bliss fearlessness and true awakening **A New Handbook of Living Religions** John R.
