PC/Computing, 1993-10      **Sustainability, Circular Economy, and Transformation in Organizations** Özşahin, Mehtap, Simovic, Vladimir, Ertürk, Alper, 2025-04-04. Sustainability and the circular economy are reshaping how businesses address global environmental and social challenges. Sustainability promotes practices that minimize ecological harm while ensuring long-term economic and social well-being. The circular economy focuses on resource efficiency, waste reduction, and material reuse, driving organizations to innovate their business models and supply chains. By adopting these transformative approaches, businesses can reduce their environmental footprint, foster innovation, and create lasting value for both society and the marketplace. Sustainability, Circular Economy, and Transformation in Organizations explores the integration of sustainable practices and circular economics in organizational development. It examines solutions to transform businesses dealing with environmental and social challenges. This book covers topics such as environmental science, organizational development, and artificial intelligence and is a useful resource for business owners, environmental scientists, economists, academicians, and researchers.
