

Opening speech by Jorma Eloranta, Chairman of the Board of Directors  
Neste Oil's Annual General Meeting, April 1, 2015 at 11:00 a.m., Messukeskus, Helsinki

**Ms. Minister of Government Ownership Steering, dear Neste Oil shareholders, ladies and gentlemen!**

My name is Jorma Eloranta, and I am the chairman of the company's Board of Directors. I would like to wish you a warm welcome to Neste Oil's Annual General Meeting 2015.

I will open the Annual General Meeting by introducing the members of the Board of Directors, after which I will say a few words about the Board's work since the last Annual General Meeting and during the last year, and comment on some of the matters on today's agenda.

The actual business review will be given Matti Lievonien, the company's CEO.

First I will introduce the members of the Board of Directors. As in last year's meeting, we have invited them here to the front so that the visual contact between the Board and the shareholders would be as good as possible.

- Maija-Liisa Friman has a master's degree in chemistry.
- Per-Arne Blomqvist has a bachelor's degree in economics and is a Swedish citizen. Per-Arne has announced that he is no longer able to commit himself to serve as a Board member because of the great amount of time it requires. Per-Arne has made an important contribution to the company as a Board member and in particular as the chair of its Audit Committee and we are deeply grateful to him.
- Laura Raitio has a licentiate degree in chemistry.
- Jean-Baptiste, ("J.B."), Renard, is a French citizen with a master's degree in engineering from École Polytechnique and an engineering diploma in petroleum economics from the French Petroleum Institute.
- Willem Schoeber is a Dutch-German doctor of chemical engineering.
- Kirsi Sormunen has a master's degree in economics.

There is more information about Board members' background and professional experience in Neste Oil's annual report on pages 139 and 140 on Company's website.

All Board members, as well as the principal auditor Markku Katajisto APA from PricewaterhouseCoopers Oy, Authorized Public Accountants, who is also here today, are independent of Neste Oil and its shareholders.

#### **The year 2014 from the perspective of the Board of Directors**

The company's business environment was not an easy one last year. The rollercoaster of crude oil and other raw material prices, turbulence in the product market in both renewable and conventional petroleum products, foreign exchange rates, and many other risks described in the company's annual review have required the company's management and Board to be exceptionally active. We were not able to predict the trends in crude oil prices, but we were prepared for the steep decline in prices that took place.
