Businesses In Crisis Learning From Good And Bad Management Decisions:

Businesses in Crisis Alvarado Acton, Sally B. Acton, 2004 Organizations in the 21st century continue to learn from business failures that were the result of bad managerial decision making unethical business decisions and or dysfunctional business models It is critical for leaders to understand the nature of the problems caused by bad business decisions that can produce disastrous results and ultimately lead to business failures This book outlines various situations of organizations in crisis and the tools management needs to recover from such situations This book discusses functions of management that are critical to the success of an organization In addition examples are provided throughout the book of businesses in crisis and how we can learn from their good and bad management decisions *Businesses in Crisis* Acton, Alvarado, Booker, 2004-08-11

Crisis Management in the New Strategy Landscape William Crandall, John A. Parnell, John E. Spillan, 2010 Crisis management is often viewed as a short term response to a specific event While that is a part of the crisis management process Crisis Management in the New Strategy Landscape takes a long term approach and offers a strategic orientation to crisis management The text follows a four stage crisis management framework Landscape survey anticipating crisis events strategic planning setting up the crisis management team and plan crisis management addressing the crisis when it occurs and organizational learning applying lessons from crisis so they will be prevented or at least mitigated in the future Features Benefits Strategic approach used throughout the text New trends in crisis management Material on business ethics What to do after the crisis Case studies and vignettes at the beginning and end of each chapter **Global Business Ethics** Abraham Stefanidis, Linda M. Sama, 2024-11-08 Drawing on contributions from nineteen prominent scholars the book reflects on the quest for sustainable development as a source of competitive advantage for organizations and as a global imperative for society It highlights how organizations decision making processes and bundled capabilities can promote innovative approaches to address current ethical dilemmas setting forth business ethics corporate social responsibility and sustainability as required tenets for participating in a global economy As societal and business stakeholders race toward the 2030 deadline to meet the United Nations 17 Sustainable Development Goals business plays a critical role in achieving global goals It is thus increasingly crucial that organizational practices and policies incorporate a socially responsible agenda based on ethical decision making to achieve a more just society Incorporating people technology the natural environment and economics in a way that is inclusive honest just and sustainable becomes a management imperative challenge Given the rapid pace of changes taking place in the global economy the time for action is now if we are to preserve our planet and ensure progress and prosperity This book will appeal to scholars in business ethics management international business and sustainability as well as to business executives The chapters in this book were originally published in International Studies of Management Organization *The Routledge Companion to Accounting Education* Richard M.S. Wilson, 2014-04-29 Many enquiries into the state of accounting education training undertaken in several countries over the past 40 years have warned

that it must change if it is to be made more relevant to students to the accounting profession and to stakeholders in the wider community This book s over riding aim is to provide a comprehensive and authoritative source of reference which defines the domain of accounting education training and which provides a critical overview of the state of this domain including emerging and cutting edge issues as a foundation for facilitating improved accounting education training scholarship and research in order to enhance the educational base of accounting practice The Routledge Companion to Accounting Education highlights the key drivers of change whether in the field of practice on the one hand e g increased regulation globalisation risk and complexity or from developments in the academy on the other e g pressures to embed technology within the classroom or to meet accreditation criteria on the other Thirty chapters written by leading scholars from around the world are grouped into seven themed sections which focus on different facets of their respective themes including student curriculum pedagogic and assessment considerations
