Franklin, 1993-01-01 For the first time a comprehensive text has brought together the major topics concerning police liability It is written from the perspective of a ten year police veteran written by a cop for cops It will help the average cop understand and cope with a frightening area of today's society as well as help current and future police administrators understand how to deal with civil liability Today's police officer is twenty times more likely to be sued than to be shot Yet the average police officer has received a hundred times more training on fire arms use than in learning how to protect oneself from the civil lawsuit With the number of lawsuits against individual officers and departments on the rise we can no longer ignore the need to educate ourselves against the threat of civil liability This book acts as a road map of basic training to find the way through the labyrinth of our civil justice system No other book attacks the problem of understanding the growing theories of police civil liability Whether used in a college classroom academy or personal library this is must reading for every police officer working today Those who arm themselves in this knowledge area can survive the horrendous attacks by money hungry litigants and will be better prepared to lead the law enforcement community into the next century Officer on Duty Ranae Rose, 2015-12-29 Life is tough but Sergeant Jeremy Connor is tougher Riley County North Carolina is recovering from a year of hell when devastation strikes again and the Sheriff's Department is working the frontlines On top of keeping the community safe there's Jeremy's greatest responsibility raising his daughter Alone Seeing local women turn up dead is enough to shake any father even a
