The Butcher Baker True Crime Seven,Genoveva Ortiz,2021-02-09 Can good and evil coexist Can a family man also be a ruthless killer From the start Robert Hansen seemed destined for an unhappy life Overworked by his strict parents and relentlessly bullied by his classmates he spent his teenage years alone His love of archery and hunting were the only comforts he had until he left his small town for Alaska the last great frontier Now a man his hunting skills earned him prestige while his new business earned him the trust and admiration of Anchorage s people It seemed like Hansen had finally turned his life around When countless women around town went missing no one had any idea that he was hunting a very different kind of game Witness the depraved second life of a respected family man the life of the worst serial killer in Alaska s

novel delves deep into the pivotal moments that shaped Hansen's psyche his youthful rebellion his quiet rage toward the women who rejected him and the thrill he found in stalking torturing and killing his victims As investigators close in Hansen's once carefully constructed facade unravels leading to a final reckoning that is as inevitable as the Alaskan night For readers of true crime psychological thrillers and those drawn to the intricacies of human darkness *Frozen Prey* offers a chilling glimpse into the mind of a man who turned the wilderness into his personal hunting ground
