**After The Event** Chris Henson, 2023-08-01 I am waiting for Mark For the last several months he has been missing Garbo like from public life But in reality he has been writing a new book We have agreed to go back over the original manuscripts for this edition to do some editing add in some extras delete a few choice words and phrases We meet in his London home where he is dressed in a workday uniform of brown shirt jeans and trainers hair clipped up in practical busy busy fashion all smiles and loud laughter We first met over five years ago Then we tentatively shook hands and the laughter was nervous All that has changed But some things have not He still famously hates interviews Around us there is evidence of a very regular existence There are books scattered everywhere a Sony widescreen with a DVD of Shackleton sitting below it Atop the fireplace hangs a painting called Fishermen by James Southall a tableau of weather beaten sea dogs wrestling with a rowing boat a gift he bought himself on the anniversary of a publication Balanced against a wall in the office next door is a replica of the Rosebud sledge burned at the dramatic conclusion of Citizen Kane As I unpack my scripts I begin with a question You once said There is a figure that is adored but I d question very strongly that it s me There is silence A stare You did say it Well supposedly I said that But in what context did I say it Just talking about people building up this image of you It was one of the first things you ever said to me Yes but I m not am I There was also that interview that described you as someone fragile being who s hidden himself away That was fairly amusing A lot of the time it doesn t bother me I suppose I do think I go out of my way to be a very normal person and I just find it frustrating that people think that I m some kind of weirdo reclusive that never comes out into the world His voice notches up in volume Did you ever feel you would finish your first book Oh yeah he sighs I mean there were so many times I

thought I ll have the book finished this year definitely I ll get it out this year Then there were a couple of years where I thought I m never gonna do this I don t know why Time evaporates He walks over and picks up the manuscripts He reads a bit He laughs Did I really agree to this he asks Mark knows the answer A couple of people who read the first book Tour De Europa he says they either really liked it or they found it very uncomfortable I liked the idea of it being uncomfortable I thought that was great I love the ambiguity But I also loved looking back on lost conversations and instantly remembering an emotion A clock somewhere strikes two and a friend arrives with tea pizza avocado with balsamic vinegar and cream cake for afters only to be playfully admonished by Mark who protests I can t eat all this shit It would appear some things never change

*26 Seconds* Rossana D'Antonio, 2025-05-13 Much as Eric Schollsberg s *Fast Food Nation* made people think about the way we eat this provocative memoir and expos challenges readers to question why given its long history of cover ups and systemic safety gaps we continue to trust the aviation industry On a stormy late May morning in 2008 TACA Airlines Flight 390 crashes at one of the most dangerous airports in the world Honduras s Toncontin International Airport Five people die in the crash among them Rossana D Antonio s brother pilot Cesare D Antonio Suspecting Cesare will be made a scapegoat for the accident as so often happens to pilots Rossana decides to leverage her decades of experience as an engineer and set out in search of the truth Part memoir part expos *26 Seconds* interweaves Rossana s research regarding other parallel accidents with her own story Six months after the TACA crash Captain Sully Sullenberger lands his plane on the Hudson River Although authorities call his landing a miracle they also blame him for its necessity One year after the TACA 390 tragedy Air France 447 falls from the sky Again pilot error As Rossana digs deeper she exposes a culture that is too quick to conclude pilot error and an industry that experiences systemic weaknesses chooses profits over safety lies to its customers and is willing to risk lives to get its planes back up in the sky Ultimately she uncovers the smoking gun she s been looking for revealing the truth about TACA 390 exposing aviation cover ups and challenging us all to question the very systems we ve been told we can trust with our lives
